The following astrological interpretations are based on the assumption that the two people involved have a close ongoing relationship. As long as the people involved are a couple, transits to the composite chart will be an influence. The closer the bond, the more the influences will be felt and perceived. Thus the interpretations will make the most sense if this is the primary relationship for both people.

Feb 13, 2006 12 AM(Feb 12, 2006 to Feb 14, 2006)

Merc Oppos Moon

The two of you are nostalgic and in a sentimental frame of mind. Talking about your families, memories, hometowns, perhaps showing one another your photo albums or music collection can create a bond between you. If there are unresolved issues from your past together, these matters are likely to come up again -even if you think you have said and heard it all before.

Feb 13, 2006 4 AM(Feb 12, 2006 to Feb 14, 2006)

Sun Oppos Ura

Restlessness, impatience, sudden changes of plans, or an unexpected event colors your relationship now. You are likely to throw caution to the wind and act impulsively together. If one or both of you is innately very cautious, it may be uncomfortable for you to be in one another's presence now.

Feb 13, 2006 1 PM(Feb 12, 2006 to Feb 14, 2006)

Merc Oppos Plu

Your communication with one another is intense and penetrates right to the heart of matters. One of you may confront the other with something which was previously swept under the rug, or you may unintentionally bring up a topic that reopens an old wound for the other person.

Passionate opinions and convictions are expressed; beware of running over each other's right to hold a different point of view. If you go overboard in defending some position, try to make amends quickly.

Feb 14, 2006 1 AM(Feb 13, 2006 to Feb 15, 2006)

Sun Qucnx Jup

The two of you experience some minor inconveniences or injustices. At worst, you could have a run-in with the law over something you overlooked or were lazy about doing. This time may pass with no perceivable effects, however, as long as you do not get sloppy. There is also a tendency to take one another and the good of your relationship for granted right now.

Feb 15, 2006 9 AM(Feb 14, 2006 to Feb 16, 2006)

Merc Trine Nep

A shared flight of imagination brings pleasure: you could write a song together, discuss your latest psychic experiences, visit a tarot card reader, plan an exotic vacation, talk about your dreams. Spiritual topics or otherworldly tales fascinate you now. You may want to see a film that interests the idealistic, believing, hopeful sides of you.

Feb 17, 2006 4 PM(Feb 15, 2006 to Feb 19, 2006)

Mars Trine Ven

A wonderful time for love and romance! The spirit of Eros is alive and flowing between you. You will be feeling very warm, sexy, loving and affectionate toward one another. Creative projects are favored also.

Feb 18, 2006 3 AM(Feb 17, 2006 to Feb 19, 2006)

Merc Conj MC

Discussions about possible long term goals, plans, and aspirations arise now. It is a time to be clear about what you want and where you want to go as a couple. This is a favorable time to announce your plans publicly as well.

Feb 22, 2006 11 PM(Feb 21, 2006 to Feb 24, 2006)

Ven Conj Mars

Strong feelings of attraction, love, desire, and the urge to embody your feelings for one another arise now. This is a wonderful time for lovemaking, and if your relationship is not sexually intimate you will still be strongly moved by, stimulated, and warmed by one another's presence.

Feb 23, 2006 6 AM(Feb 22, 2006 to Feb 24, 2006)

Sun Trine Asc

This is a "green light" period for the two of you, and together you can do just about anything you want. You vitalize one another's playful and spirited qualities. You may feel like showing off a bit, as a twosome.

Feb 23, 2006 10 AM(Feb 22, 2006 to Feb 24, 2006)

Merc Sxtil Mars

This is a good time to plan a joint work project, or to do something together that requires both brain and muscle. You are an effective team right now.

Feb 24, 2006 1 AM(Feb 23, 2006 to Feb 25, 2006)

Merc Sxtil Sat

This is a good time to air your concerns or minor grievances with one another, or to talk about changes you would like to make to improve your relationship. How money is spent, who pays for what, how much time you want to devote to being together, changing living arrangements, or other practical matters are likely to be emphasized now.

Feb 24, 2006 2 AM(Feb 22, 2006 to Feb 25, 2006)

Ven Conj Sat

A sobering or disheartening incident may make you reassess this relationship or question its value and long term viability. You may be feeling distant, be temporarily separated, or feel inhibited about reaching out and asking for what you want. Fortunately this should not last long.

Feb 25, 2006 4 AM(Feb 24, 2006 to Feb 26, 2006)

Merc Qucnx Ura

If you spend time together now, expect some moments of tension or nerve-wracking little "surprises". Flexibility, tolerance, and a sense of humor is the best medicine right now.

Feb 25, 2006 2 PM(Feb 24, 2006 to Feb 27, 2006)

Ven Qucnx Ura

Expect minor disruptions, a sudden change of heart about something you both wanted previously, an overture that comes at the wrong time. Though relatively trivial, these things can make for some unsettled moments between you.

Feb 25, 2006 7 PM(Feb 24, 2006 to Feb 26, 2006)

Sun Oppos Moon

Whatever happens today serves to highlight the state of emotional affairs in your relationship. If you have been connecting deeply, if you both feel supported and close to one another, this intimacy is especially satisfying to you now. If not, tension over unspoken and unmet needs will arise. One of you is apt to feel more needy, dependent, or hungry for tenderness or understanding. Make attending to one another a priority.

Feb 26, 2006 5 AM(Feb 25, 2006 to Feb 27, 2006)

Merc Trine Jup

This is a wonderful time to travel together or to make plans to do so. Being with one another right now encourages you both to be more optimistic, forward-looking, and broad in your thinking. You help each other see the Big Picture.

Feb 26, 2006 6 PM(Feb 25, 2006 to Feb 27, 2006)

Sun Oppos Plu

There is a definite element of unavoidable fate or of having to finally deal with something the two of you may have ignored up until now. On a practical level, material objects or machinery may break down, need repair, or have to be thrown out. Psychologically, "stuff" that has not been dealt with between you emerges in some manner. There may be an intense encounter between the two of you, or between the both of you and someone or something in your environment.

Feb 26, 2006 10 PM(Feb 25, 2006 to Feb 28, 2006)

Ven Oppos Jup

Good humor and a desire for fun prevails. Whatever you do together now, you will have a grand time doing it. You are inclined to live it up, enjoy the moment, and not consider consequences too much. Even so, you two are quite "lucky" together now.

Mar 1, 2006 8 PM(Feb 28, 2006 to Mar 2, 2006)

Sun Trine Nep

You are very open and physically sensitive to one another at the moment, and can experience unusual extrasensory perception, or telepathy with one another. You are in a dreamy, imaginative space together. Perhaps you can take a long walk on the beach and tell one another your dreams.

Mar 3, 2006 4 PM(Mar 1, 2006 to Mar 5, 2006)

Mars Sqr Moon

Impatience, irritability and hot fiery emotions fly between the two of you now. You may flare up at one another on what appears to be very minor provocation. Beware of indulging this tendency. You are probably not angry for the reason you think you are, and there may be a childishness or irritability to your bickering that will embarrass you later.

Mar 5, 2006 4 AM(Mar 3, 2006 to Mar 6, 2006)

Ven Conj Ven

This is your own personal valentine's day, a time to celebrate your love, join in love, revel in love. If the two of you have been together for some time, it can be a day of renewing your love for each other and beginning again. But if the two of you do not feel romantic or affectionate towards one another now, it is unlikely that amour will ever flourish between you.

Mar 5, 2006 12 PM(Mar 3, 2006 to Mar 7, 2006)

Mars Sqr Plu

If there is any underlying rivalry, hidden anger, or resentment toward one another for any reason, it will surface now to be dealt with. If this has been going on unacknowledged for some time, a fierce battle could erupt. Even if none of these dynamics exists in your relationship, beware of domineering attitudes now; any attempt to force your desire against your partner's will spells TROUBLE!

Mar 6, 2006 7 AM(Mar 5, 2006 to Mar 7, 2006)

Sun Conj MC

The sun is shining on the two of you. You may want to be out of door or at least out in public together. You are noticeable as a couple right now, and rather lucky as well.

Mar 10, 2006 7 PM(Mar 9, 2006 to Mar 11, 2006)

Ven Qucnx Asc

Humor and lightheartedness ease tension or some awkward moments. Things do not go as hoped for, but laughter is the tone of the day.

Mar 11, 2006 8 AM(Mar 9, 2006 to Mar 13, 2006)

Mars Qucnx Nep

Being together right now can make both of you more unfocused and scattered. You put one another in a peculiar mood, although this is so subtle you may barely notice it. Nevertheless, any sort of intoxicant that further decreases your ability to deal with reality should be avoided if you are together.

Mar 13, 2006 9 AM(Mar 12, 2006 to Mar 14, 2006)

Sun Sxtil Mars

You can accomplish a lot together right now. Hard work or strenuous physical play is favored. Being together puts both of you in a self-assertive mood, but not so much that you run over each other's desires or feelings. Actually you will be a strong force together at this time.

Mar 13, 2006 4 PM(Mar 12, 2006 to Mar 14, 2006)

Ven Qucnx Moon

A mood of laziness, contentment, and self-satisfaction makes the two of you disinclined to do much of anything that requires effort. You are pleasantly self-indulgent together. Do not schedule any couples tennis or mountain climbing!

Mar 14, 2006 2 AM(Mar 13, 2006 to Mar 15, 2006)

Sun Sxtil Sat

An atmosphere of clarity, realism, and objectivity exists between you right now. If there are problems that the two of you have been struggling with or avoiding, this is a good time to put things in order. Just working quietly together would be gratifying at present.

Mar 14, 2006 6 PM(Mar 13, 2006 to Mar 15, 2006)

Ven Qucnx Plu

Issues of power and control arise between you. Any unspoken "bargains" you have made with each other which disempowers one or both of you in order to please the other, may be up for change. Unreasonable fears of loss, or jealousy could also emerge.

Mar 15, 2006 1 AM(Mar 14, 2006 to Mar 16, 2006)

Sun Qucnx Ura

Right now expect minor upsets, an unavoidable change for "something different" which only one of you is interested in. All of this may be rather subtle, but tension-producing nonetheless. Laughter is good medicine in times like these.

Mar 15, 2006 2 AM(Mar 13, 2006 to Mar 16, 2006)

Mars Trine Merc

This would be a great time for the two of you to go hiking, backpacking, bicycling or do something else that gets you moving and maybe sweating a bit. You will want to be active. Expect lively conversation and debate as well.

Mar 15, 2006 11 PM(Mar 14, 2006 to Mar 16, 2006)

Sun Trine Jup

This is a very positive time between the two of you. Shared optimism, enthusiasm, and an overall sense of well-being permeate your relationship. You are apt to be extraordinarily lucky together right now.

Adventures, important and beneficial encounters, and serendipitous events are very likely. It is also a good time to expand and invest in your relationship - for example, make a major purchase together.

Mar 16, 2006 5 AM(Mar 14, 2006 to Mar 18, 2006)

Mars Trine Sun

You strengthen and bring out the positive, active, vital energies in one another now. Being together will build your confidence, and you can get a lot done smoothly and with less struggle. You assist one another in taking on a challenge.

Mar 18, 2006 3 AM(Mar 17, 2006 to Mar 19, 2006)

Ven Sqr Nep

You are probably not seeing one another very realistically right now - nor do you want to. Erotic imagination, fantasy, and your wishes for love color your perceptions of one another and your relationship. If your partner does not fulfill your dreams or even have any interest in them, you may well be disenchanted.

Mar 18, 2006 6 PM(Mar 17, 2006 to Mar 20, 2006)

Merc Conj MC

Discussions about possible long term goals, plans, and aspirations arise now. It is a time to be clear about what you want and where you want to go as a couple. This is a favorable time to announce your plans publicly as well.

Mar 19, 2006 11 AM(Mar 17, 2006 to Mar 21, 2006)

Mars Sqr MC

There is a spirit of contention and disagreement between the two of you at this time. Perhaps you do not disagree so much on where you want to go, as on who will be in the driver's seat, so to speak. Minor accidents can occur at this time, especially if you allow tension to escalate. You will need to work harder than usual to appreciate the other's right to be as they are, and to hold a different opinion from your own.

Mar 20, 2006 7 AM(Mar 19, 2006 to Mar 21, 2006)

Ven Conj Merc

Being in one another's company lightens you both up. You share good humored observations about one another and your relationship. You may discuss your personal tastes and preferences in styles, and even if these vastly differ, you are not inclined to argue or disagree. You avoid heavy or serious topics now. Visiting friends or taking a stroll through some pleasant scenery would be just right.

Mar 20, 2006 3 PM(Mar 19, 2006 to Mar 21, 2006)

Sun Sxtil Ven

Conviviality is featured now. This is a great time to spend just relaxing or having fun together, and you will want to include other friends or loved ones as well.

Affection flows freely. This is also a favorable time to work out differences or difficulties you have been having, as a spirit of cooperation permeates your interactions with one another at present.

Mar 20, 2006 11 PM(Mar 19, 2006 to Mar 21, 2006)

Ven Conj Sun

Your hearts open to one another and strong feelings of affection, warmth, and mutual appreciation make this a sweet time for the two of you. Being together puts both of you in an amorous mood. You will also be more willing than ever to cooperate and to give a little for the sake of your relationship, so even if you do not do anything special, the day runs smoothly.

Mar 25, 2006 7 AM(Mar 24, 2006 to Mar 26, 2006)

Sun Sqr Asc

Some minor friction is likely now; one or the other of you could be inadvertently selfish or hold on to an ego position. As long as this is not a persistent pattern, not much harm is likely to be done.

Mar 27, 2006 8 PM(Mar 26, 2006 to Mar 28, 2006)

Sun Qucnx Moon

Work, your individual goals and involvements, or a desire for some private time away from one another may be at odds with nurturing the relationship. One of you may feel shortchanged. Unless this is a persistent problem, it is best to just grin and bear it.

Mar 28, 2006 8 PM(Mar 27, 2006 to Mar 29, 2006)

Sun Qucnx Plu

A rather uncomfortable awareness of unavoidable changes, loss, or death comes in at this time. "Hints" or indications that some change in attitude is needed should not be ignored. Stubborn willfulness on either of your parts can create tension between you now, or lay a foundation for future troubles.

Mar 31, 2006 2 PM(Mar 30, 2006 to Apr 1, 2006)

Ven Oppos Ura

Impulsiveness, a need for sexual freedom, and a new awakening to love are themes now. If things have become dull and routine between you this will be a time for that to change. One or both of you wants to shake things up.

Apr 1, 2006 12 AM(Mar 30, 2006 to Apr 1, 2006)

Sun Qucnx Nep

Confusions, mix-ups, not showing up on time or at all, forgetting something significant, or just feeling a little fuzzy or spacey in each other's presence is likely now. Do your best not to let each other down or be unreliable toward one another right now.

Apr 1, 2006 4 AM(Mar 30, 2006 to Apr 2, 2006)

Mars Qucnx Mars

Hurrying, pushing, or trying to force things spells trouble! Anger that is just below the surface but which has no place to be released can make this a very trying time as well. Take it easy on one another.

Apr 1, 2006 11 AM(Mar 31, 2006 to Apr 2, 2006)

Ven Qucnx Jup

You bring out in one another tendencies toward excessive spending, partying, or consuming. Too much of a good thing can cause mutual regret later.

Apr 1, 2006 9 PM(Mar 31, 2006 to Apr 3, 2006)

Merc Conj MC

This astrological influence (Merc Conj MC) also occurred on Mar 18, 2006 (peak date). Please refer to this date.

Apr 2, 2006 9 AM(Mar 31, 2006 to Apr 4, 2006)

Mars Qucnx Sat

Very poor timing can make for some tense, unpleasant, frustrating times. The two of you may have to re-do something you thought you had already finished.

Apr 3, 2006 1 AM(Apr 2, 2006 to Apr 4, 2006)

Sun Sxtil Merc

If the two of you need to attend to any business matters, commercial negotiations, or joint projects, this is a good time. Communications are favored.

Apr 3, 2006 4 PM(Apr 2, 2006 to Apr 4, 2006)

Sun Sxtil Sun

This is a good time for the two of you to be social together. Accept invitations, or extend them, join friends, neighbors or other groups you enjoy. If you are working together on a project, that too will go well. Cooperation and mutual encouragement are the tone of this time period.

Apr 4, 2006 3 AM(Apr 2, 2006 to Apr 5, 2006)

Mars Sxtil Ura

If one of you is usually "old reliable" or resistant to trying new things, this is an excellent time to experiment with another way of being. You will want to break out of routines and staleness, and do something different, spontaneous, high-energy. You arouse each other to take action and make changes.

Apr 10, 2006 7 AM(Apr 9, 2006 to Apr 11, 2006)

Ven Trine Asc

Harmony, ease, and a desire to cooperate set the tone. You put one another in an agreeable and affectionate mood, and anything you do together works out well.

Apr 10, 2006 7 AM(Apr 9, 2006 to Apr 11, 2006)

Merc Sxtil Mars

This is a good time to plan a joint work project, or to do something together that requires both brain and muscle. You are an effective team right now.

Apr 10, 2006 11 PM(Apr 9, 2006 to Apr 11, 2006)

Merc Sxtil Sat

This is a good time to air your concerns or minor grievances with one another, or to talk about changes you would like to make to improve your relationship. How money is spent, who pays for what, how much time you want to devote to being together, changing living arrangements, or other practical matters are likely to be emphasized now.

Apr 11, 2006 8 PM(Apr 10, 2006 to Apr 12, 2006)

Merc Qucnx Ura

If you spend time together now, expect some moments of tension or nerve-wracking little "surprises". Flexibility, tolerance, and a sense of humor is the best medicine right now.

Apr 12, 2006 2 PM(Apr 11, 2006 to Apr 13, 2006)

Merc Trine Jup

This is a wonderful time to travel together or to make plans to do so. Being with one another right now encourages you both to be more optimistic, forward-looking, and broad in your thinking. You help each other see the Big Picture.

Apr 12, 2006 4 PM(Apr 11, 2006 to Apr 13, 2006)

Ven Oppos Moon

Your hearts soften and melt toward one another now. Any hurt feelings you have harbored can be let go of now, and memories of your good times together sweeten the present. It is a time to remember what you liked and loved about one another to begin with, and to appreciate one another again. You want comfort, closeness, and tenderness more than passion from each other right now.

Apr 12, 2006 5 PM(Apr 11, 2006 to Apr 13, 2006)

Sun Sqr Mars

You aggravate one another for no particular reason, and conflicts may erupt over rather minor issues. This is especially true if one or the other has the tendency to dominate or try to tell the other what to do or how to do it. Pushiness will back fire now. As long as the two of you are not cooped up together -say on a long car ride or in a small office space - battles can be avoided, if you give one another plenty of breathing room.

Apr 13, 2006 10 AM(Apr 12, 2006 to Apr 14, 2006)

Sun Sqr Sat

This is a time when the demands, needs, or desires of one of you can feel restrictive or like too much of a sacrifice of personal time and energy to the other. A withdrawal, temporary separation, or reordering of priorities is likely. Beware of becoming paternalistic, burdening one another, or having expectations of one another that are not mutually agreed upon.

Apr 13, 2006 1 PM(Apr 12, 2006 to Apr 14, 2006)

Ven Oppos Plu

Dynamics in your relationship that have been operating beneath the surface begin to emerge. Hidden desires and unspoken sexual longings, past hurts or unmet needs, or any destructive ways of being with each other may be revealed. Feelings are intensified and brought to the surface.

Apr 13, 2006 7 PM(Apr 12, 2006 to Apr 15, 2006)

Mars Qucnx Ven

There may be some tension over what each of you wants and is willing to give, and unless you are conscious of what is happening, you may feel drained at the end of the day without knowing why. Be as direct as possible about what you want without being demanding, accusing or pulling too much on your partner's energy.

Apr 14, 2006 10 AM(Apr 13, 2006 to Apr 15, 2006)

Sun Trine Ura

Excitement is in the air between you. Together you enjoy experimenting, inventing something new, varying your routine. Even if you have not been together long enough to have established a routine or set patterns, you will enjoy expressing your eccentric, impulsive, or adventurous sides with one another.

Apr 15, 2006 8 AM(Apr 14, 2006 to Apr 16, 2006)

Sun Sqr Jup

You dream big dreams together right now, which may make you inspired for the future - or restless and discontented with your current circumstances. This is an excellent time to vacation together, especially in some far-off place. However, beware of any tendencies toward extravagance or gambling which the two of you will have to pay for later.

Apr 16, 2006 9 AM(Apr 15, 2006 to Apr 17, 2006)

Merc Sxtil Ven

This is a pleasant, lighthearted time. Save the heavy subjects or deep emotional discussions for another day. Socializing, visiting friends, going shopping for fun, or some other bit of frivolity would be just right.

Apr 16, 2006 10 AM(Apr 15, 2006 to Apr 17, 2006)

Ven Trine Nep

This is a time of romantic imaginings and of escaping from the ordinary and prosaic. You may want to visit a beautiful church or an art gallery or some inspiring place in nature together. Make sweet harmonies together, gaze at the stars, open your hearts.

Apr 19, 2006 8 PM(Apr 19, 2006 to Apr 20, 2006)

Merc Sqr Asc

Discussions or negotiations between you encounter a bit of friction. Beware of the tendency to overanalyze, over intellectualize, or over scrutinize one another or your situation.

Take a deep breath or two before you speak (to one another, or on behalf of one another) as you are apt to say more than you need to.

Apr 20, 2006 2 AM(Apr 19, 2006 to Apr 21, 2006)

Sun Sqr Ven

Although you may really want to be together or relax and enjoy yourselves right now, some sort of obstacle temporarily hinders this. Also beware of excesses and indulging yourselves in too much of a good thing.

Apr 20, 2006 12 PM(Apr 19, 2006 to Apr 21, 2006)

Ven Conj MC

Harmony reigns in your relationship now because you are both more interested in one another's happiness and in the well-being of the relationship than in your individual agendas. This is also an excellent time to proclaim your love publicly and openly. If you were planning to announce an engagement or choosing a wedding date, you could not pick a sweeter time.

Apr 21, 2006 2 PM(Apr 20, 2006 to Apr 22, 2006)

Merc Qucnx Moon

There is a rather edgy, restless quality between you now. It would be wise to watch what you say to or about one another, also, because you may reveal something too private or betray a confidence.

Apr 21, 2006 7 PM(Apr 20, 2006 to Apr 23, 2006)

Mars Conj Asc

Self-assertion and a fighting spirit color your interactions; it would be wise to give one another a wide berth now. You are apt to be testy with each other, not readily cooperative or conciliatory. Above all, don't stand in each other's way now. Passions are hot. Your relationship will be steamy or stormy - or both.

Apr 22, 2006 (Apr 13, 2006 to Apr 30, 2006)

Jup Trine MC

Together you are more confident, more inspired, even more "lucky" than either of you might be as individuals now. You will boost one another's energy for positive accomplishment, setting and pursuing important goals. As a team you are both effective and fortunate right now.

Apr 22, 2006 6 AM(Apr 21, 2006 to Apr 23, 2006)

Merc Qucnx Plu

What begins as an innocent discussion, may bring some painful topic to the surface. Avoid the tendency to try to subtly coerce one another into believing, seeing, or understanding things as the other does. While no overt argument may occur, below-the-surface tension can create an uneasy feeling.

Apr 24, 2006 7 AM(Apr 23, 2006 to Apr 25, 2006)

Merc Qucnx Nep

As a twosome, you are not likely to have very sound judgment or clear perceptions right now. Fantasies, illusions, even a seemingly innocent "white lie" can cloud the atmosphere between the two of you, and someone is apt to get rather confused.

Obviously this is not a time to make practical commitments or decisions that will affect both of you for a long time. Make every effort to be unambiguous and truthful right now.

Apr 24, 2006 8 PM(Apr 23, 2006 to Apr 25, 2006)

Sun Sxtil Asc

An overall sense of harmony characterizes this time, and the two of you are apt to be rather gregarious and social. You will want to go out rather than stay at home together right now.

Apr 25, 2006 2 PM(Apr 24, 2006 to Apr 26, 2006)

Merc Sxtil Merc

There is mental and intellectual compatibility between you now. Even if you usually disagree on any number of topics, you will find areas of harmony and agreement. Thus it is a good time for discussion, or just being together. Friends come into the picture as well.

Apr 26, 2006 12 AM(Apr 25, 2006 to Apr 26, 2006)

Merc Sxtil Sun

There is a good flow of ideas and conversation now, and you certainly will not be bored as being in one another's presence stimulates you intellectually and mentally. The emphasis is on curiosity, exchanging thoughts, clarity, and understanding.

Apr 26, 2006 3 AM(Apr 24, 2006 to Apr 27, 2006)

Mars Sxtil Moon

Being together at this time energizes you both and you bring out the warmth, desire and vitality within each other. Any vigorous activity - from lovemaking to a spirited game of basketball - will be good for you both.

Apr 26, 2006 9 PM(Apr 25, 2006 to Apr 27, 2006)

Ven Sxtil Mars

You are attuned to one another romantically and sexually, and you seem to know just what would please and delight one another. Even if you are not lovers, there is a flow of warmth and pleasure between you so that you enjoy being together.

Apr 27, 2006 10 AM(Apr 26, 2006 to Apr 28, 2006)

Sun Trine Moon

Unless other, stronger astrological energies are at play now in your relationship, this is a time of ease, well-being, and peace between you. If tensions or problems have dominated as of late, this will be a brief respite and a chance to reach some understanding.

Apr 27, 2006 12 PM(Apr 26, 2006 to Apr 28, 2006)

Ven Sxtil Sat

You get an opportunity to show loyalty, dependability, and that you want to be there for one another in foul weather as well as fair. It may seem like not much is happening, a humdrum kind of time. Can you enjoy each other even when there are no fireworks?

Apr 27, 2006 7 PM(Apr 26, 2006 to Apr 29, 2006)

Mars Sxtil Plu

If you share any work or projects you can be extraordinarily productive together now. You also spur one another on to some creative accomplishments as individuals.

Apr 28, 2006 9 AM(Apr 27, 2006 to Apr 29, 2006)

Ven Qucnx Ura

Expect minor disruptions, a sudden change of heart about something you both wanted previously, an overture that comes at the wrong time. Though relatively trivial, these things can make for some unsettled moments between you.

Apr 28, 2006 10 AM(Apr 27, 2006 to Apr 29, 2006)

Sun Trine Plu

An intensification of your relationship occurs now, and whether this is pleasurable or not you will certainly not be relating to one another superficially. Beware of the tendency to try to re-make or change your partner in some significant way. Your interaction can be quite revitalizing, even transforming, for the both of you as long as neither is forcing his or her will upon the other.

Apr 29, 2006 4 AM(Apr 28, 2006 to Apr 30, 2006)

Ven Trine Jup

Let the good times roll! The two of you put one another -and those around you as well -into an upbeat, exuberant, expansive frame of mind. All you really want to do when you are together now is to play or relax. Festive events and social gatherings are favored; work or serious matters are put on the back burner.

May 1, 2006 7 AM(Apr 30, 2006 to May 2, 2006)

Merc Sqr Mars

Nerves are edgy and tempers flare. You may feel inordinately irritated by the opinions and ideas expressed by your partner. What seems atrocious now, however, may well seem not worth fighting about later.

A hot game of tennis or some other one-on-one sport would be fine, as long as you leave the game behind when it is over. Apologize immediately for any rudeness toward one another.

May 1, 2006 3 PM(Apr 30, 2006 to May 2, 2006)

Sun Oppos Nep

You are probably not seeing one another very clearly right now. In fact, a soft cloud of fantasy or imagination hovers around the two of you. Confusions and mix-ups are very likely now, so be especially careful to check with one another regarding facts and mundane details.

May 1, 2006 4 PM(May 1, 2006 to May 2, 2006)

Merc Sqr Sat

This can be a frustrating and very unsatisfying time, as far as communicating with one another goes. You can totally misread or misunderstand one another. You may be disinterested, threatened, or resistant to what the other person is saying, or dislike how they are saying it.

Positively, you could work to solve some difficult problem or engage in some tedious but necessary task together.

May 2, 2006 6 AM(May 1, 2006 to May 3, 2006)

Merc Trine Ura

The tone is brisk, and intellectually stimulating. Lots of fresh, original ideas are flowing between you now, and you may want to write down some of these inspirations for later evaluation.

May 2, 2006 6 PM(May 2, 2006 to May 3, 2006)

Merc Sqr Jup

You are apt to have philosophical disagreements and/or to tell tall tales to one another... not lies, just exaggerations!

May 3, 2006 2 AM(May 1, 2006 to May 4, 2006)

Mars Trine Nep

A touch of magic! Your imaginations are activated and you could create something wonderful, unique, colorful. Play with and express the childlike, fanciful, foolish, or dreamer aspects of yourselves. Sometimes dreams do come true.

Spiritual energies are also activated now, so if the two of you are so inclined you could successfully work with one another in some way (such as channeling healing energies, doing visualizations, etc.) that draws upon those interests.

May 3, 2006 7 AM(May 2, 2006 to May 4, 2006)

Ven Sxtil Ven

You are unusually friendly, open, and agreeable as a couple now. Social gatherings, meeting people, and joining with friends or would-be friends are favored. The feelings between the two of you are sweet as well.

May 3, 2006 5 PM(May 2, 2006 to May 4, 2006)

Sun Sqr Merc

Expect lively conversation, which can lead to bickering or arguing for the sake of an argument. You may get on one another's nerves a bit, or simply be unreceptive to what the other person is trying to convey. A short trip will be fun as long as you do not disagree on who should do the driving.

May 4, 2006 9 AM(May 3, 2006 to May 5, 2006)

Sun Sqr Sun

Even if your relationship is basically sound, a challenge or crisis is apt to occur around this time. Your basic differences come out now, and can cause a sense of separateness or conflict. If you are harmonious most of the time, this will be relatively minor.

May 5, 2006 7 AM(May 4, 2006 to May 6, 2006)

Merc Sqr Ven

This is a favorable time to discuss matters of the heart -what you both want, need, wish for, long for, delighting. You are flirtatious and playful, also.

May 6, 2006 5 AM(May 5, 2006 to May 7, 2006)

Sun Sxtil MC

Each of you is an asset to the other right now. This is a time for focusing in getting what you want as a couple - setting goals, seeing people who may be in a position to help you, etc.

May 6, 2006 (Apr 28, 2006 to May 14, 2006)

Jup Sqr Sun

A restless urge for expansion may overtake the two of you now. You tend to reinforce in one another hankering for something bigger or more stimulating - the "grass-is-greener-over-there" syndrome, and you encourage one another to take risks, to jump on opportunities, to do something outside of your usual sphere of life.

You will tend to feel quite good with each other, like you can do anything. Projects you may have worked on together will receive recognition or some kind of boost now.

May 6, 2006 12 PM(May 4, 2006 to May 8, 2006)

Mars Qucnx Merc

Irritability can lead to ill-considered words, which provoke a fight. Today can be a real headache if you do not make an effort to be considerate and tactful.

May 7, 2006 9 AM(May 6, 2006 to May 8, 2006)

Ven Sqr Asc

The urge to please and cooperate, as well as genuine affection for one another, make this a harmonious time for the two of you. You charm one another and simply enjoy one another's company at the moment.

May 7, 2006 2 PM(May 5, 2006 to May 9, 2006)

Mars Qucnx Sun

Your individual agendas and desires are pulling you in different directions for the moment. It would be best to let each other go off alone; if you are together you are apt to irritate or get in each other's way.

May 7, 2006 5 PM(May 7, 2006 to May 8, 2006)

Merc Sxtil Asc

Even if the two of you want to be alone together now, you probably will not be. For some reason, the two of you evoke others' curiosity or friendly interest. This is a good time for a round table discussion, a block party, or some other group event you attend as a couple.

May 9, 2006 12 AM(May 8, 2006 to May 9, 2006)

Merc Trine Moon

You may want to visit "the old stamping grounds", go see family, or some way revisit the past together. There is a wonderful flow of understanding and sympathetic rapport between you; words may not be necessary.

May 9, 2006 11 AM(May 8, 2006 to May 10, 2006)

Merc Trine Plu

If one or the other of you has been wanting to divulge a secret, bring up a grievance, or discuss something difficult, now is the time. Conversation is intense, revealing, and profound.

For entertainment the two of you will go for something intense - perhaps a psychological suspense thriller or an old Alfred Hitchcock film!

May 9, 2006 3 PM(May 8, 2006 to May 10, 2006)

Ven Qucnx Moon

A mood of laziness, contentment, and self-satisfaction makes the two of you disinclined to do much of anything that requires effort. You are pleasantly self-indulgent together. Do not schedule any couples tennis or mountain climbing!

May 10, 2006 11 AM(May 9, 2006 to May 11, 2006)

Ven Qucnx Plu

Issues of power and control arise between you. Any unspoken "bargains" you have made with each other which disempowers one or both of you in order to please the other, may be up for change. Unreasonable fears of loss, or jealousy could also emerge.

May 10, 2006 3 PM(May 8, 2006 to May 12, 2006)

Mars Trine MC

The two of you can accomplish just about anything you attempt together right now. Your energies are flowing together, reinforcing one another, giving one another confidence. You will probably want to be doing something active together; spectator sports are not your cup of tea at the moment.

May 11, 2006 1 AM(May 10, 2006 to May 12, 2006)

Merc Oppos Nep

This is not a good time to give one another direction, arrange to meet someplace you have never gone before, or, in fact, much of anything that requires clear, logical thought and action. Muddled communication and misreading one another in some small but critical way is very likely. Make every effort to be clear and direct with each other, as confusion abounds right now.

May 11, 2006 (May 3, 2006 to May 19, 2006)

Jup Sqr Merc

Philosophical discussions and talking about religious views or personal beliefs and convictions (or lack of them) are on the agenda now. You may discover some key areas of disagreement or be surprised to discover your partner has ideas and interests you would have never suspected. This is a good time to learn more about one another's overarching beliefs and attitudes, which can affect your future together. Also, even if you have known one another quite a while and you believe you know how the other thinks about most topics, something new and mind-expanding may well come into your lives in this time which will alter those ideas.

May 12, 2006 12 AM(May 11, 2006 to May 12, 2006)

Merc Sqr Merc

Your communication with each other takes on the quality of a ping-pong match: quick, lively, but not necessarily purposeful. You may spat about trivial matters, or go on and on about very little.

You may enjoy word games, playing cards, or similar activities now. Intellectual and mental energies are stimulated.

May 12, 2006 7 AM(May 11, 2006 to May 13, 2006)

Merc Sqr Sun

There is a sort of busy, quick, restless quality in the atmosphere between you now, and you could even get on one another's nerves a bit. Or, it could be mentally stimulating and fun, if a bit frenetic. It is not the best time to bring up a touchy subject, however, as you have a tendency to overstate yourselves or blurt out something you might regret.

May 13, 2006 4 AM(May 12, 2006 to May 14, 2006)

Merc Sxtil MC

Clear communication and a tone of reasonableness and fair play make this a good time to work on any shared goals or joint plans. As a couple, your judgment is sound, so any decisions you make together are likely to work in your favor.

May 13, 2006 5 AM(May 12, 2006 to May 14, 2006)

Ven Qucnx Nep

A vague feeling of dissatisfaction or confusion arises now. One of you feels you are sacrificing too much, or you just don't know where the other person is coming from. Check out your concerns and perceptions with one another because something you may be imagining about your partner is likely to be not quite true.

May 13, 2006 1 PM(May 12, 2006 to May 14, 2006)

Sun Trine Mars

You energize and invigorate one another, and you are a "dynamic duo" right now. Confidence and a positive spirit runs high in one another's presence. Joint work projects are favored, as is any vigorous play.

May 14, 2006 6 AM(May 13, 2006 to May 15, 2006)

Sun Trine Sat

This is a good time for the two of you to undertake something that involves delaying gratification for some mutual long-range goal, perhaps making a joint financial investment or, if your relationship is new, getting to know one another by doing something very ordinary and mundane, like helping one another with chores or errands. An atmosphere of trustworthiness and stability is created between you.

May 14, 2006 11 PM(May 14, 2006 to May 15, 2006)

Ven Sxtil Merc

You are in a lighthearted social mood together. Meeting with friends, or perhaps going out to the theater or anywhere you can contract pleasantly with other people is favored. Overall, the energy between you is agreeable, friendly and good humored.

May 15, 2006 7 AM(May 14, 2006 to May 16, 2006)

Sun Sqr Ura

Excitement, surprises, or an unusual turn of events color your relationship now. Routines may be upset or plans go awry. You also seem to bring out the untamed side of one another, and one or the other of you may "act out" in an impulsive or reckless urge for freedom.

May 15, 2006 12 PM(May 14, 2006 to May 16, 2006)

Ven Sxtil Sun

You are feeling sociable and festive together now. Spend time with people you enjoy or attend a cultural event together. In general, you are getting along beautifully now.

May 16, 2006 5 AM(May 15, 2006 to May 17, 2006)

Sun Sxtil Jup

Expect a stroke of good fortune - such as being supplied with tickets to a concert that was sold out months ago, being offered an opportunity from someone you both respect, or having a bid accepted on a joint purchase you both want very much. This is also a good time for the two of you to circulate, attend social or cultural events, and be with people.

May 16, 2006 12 PM(May 16, 2006 to May 17, 2006)

Merc Trine Mars

This is a good time to bring up something that may be difficult for you to talk about, and to state your point of view clearly and unambiguously. Expect a bit of intellectual bantering as well.

May 16, 2006 8 PM(May 16, 2006 to May 17, 2006)

Merc Trine Sat

Topics under discussion now: money, investments, material security, practical realities and limitations and how they figure in to mutual wishes and desires. If your relationship is fairly new, keep your eyes and ears open to discover how the other person deals with or avoids adult responsibility.

May 17, 2006 6 AM(May 16, 2006 to May 18, 2006)

Merc Sqr Ura

You stimulate, excite, and/or irritate one another intellectually now. Unexpected differences of opinion may arise which lead to a sudden change of plans or the reversal of an agreement you thought was certain. This is a brief fluctuation, however, so try to ride it through. Also, you both tend to thoughtlessly blurt things out which you may feel foolish about later.

May 17, 2006 4 PM(May 17, 2006 to May 18, 2006)

Merc Sxtil Jup

Talk turns to philosophical speculations, dreams for the future, and mutual aspirations. You help one another to see the big picture right now so petty immediate problems do not seem so important. This is a good time to see a comedy and to share humor.

May 19, 2006 7 PM(May 19, 2006 to May 20, 2006)

Merc Trine Ven

You bring out a lighthearted and pleasant mood in one another. A spontaneous small gift as loving note - something small and sweet - would be perfect. Loving words come easily -and mean a lot - right now.

May 21, 2006 1 AM(May 20, 2006 to May 22, 2006)

Sun Trine Ven

Affection, harmony, and warm feelings flow between you now, and you give one another much pleasure. If you can not be together at this time, you will really miss each other. Sharing social, artistic, or cultural activities will be satisfying. You may create something even "lucky" together.

May 22, 2006 1 PM(May 20, 2006 to May 24, 2006)

Mars Oppos Mars

Right now you are more like sparring partners, opponents, maybe even enemies rather than friends or lovers. The urge to dominate and to win is very strong in the atmosphere between you now. If you enjoy a rousing fight this is the day for it. If you are usually gentle and agreeable, you will have a lot more energy (and possibly aggravation) than usual. Even if you suppress the fighting urge, irritating "accidents" may occur around you.

May 23, 2006 2 AM(May 22, 2006 to May 24, 2006)

Merc Sqr Moon

Words are backed up with a lot of emotion and feeling. This can be a good time to ventilate and air out some unspoken wishes, needs, or feelings. Recognize that you are talking about feelings and emotional realities, not necessarily facts. You could have a dispute over differing memories or interpretations of the same event.

May 23, 2006 5 AM(May 22, 2006 to May 24, 2006)

Ven Sqr Mars

Tensions in the sexual aspect of your relationship - perhaps due to differing interests, desires, preferences, or love styles - can cause some friction now. Most likely one of you is more ready than the other. Trying to balance the satisfaction of your own desires versus pleasing your partner is at issue here.

May 23, 2006 1 PM(May 23, 2006 to May 24, 2006)

Merc Sqr Plu

This is a time to have a conversation about something you have both avoided in the past. One of you may confront the other with unsuspected grievances, acute but unwelcome observations, or some problem that has been brewing for some time. Even if somewhat difficult or heavy, your interaction can deepen your understanding and knowledge of one another tremendously.

May 23, 2006 4 PM(May 22, 2006 to May 25, 2006)

Mars Oppos Sat

You are apt to be ill-humored, easily irritated or frustrated with each other now. Perhaps you believe the other person is purposely opposing and blocking you, or trying to be difficult, which most likely is not so. Patience and a willingness to find the humor in the situation will help.

May 23, 2006 7 PM(May 22, 2006 to May 24, 2006)

Ven Sqr Sat

You may be having some serious reservations about this relationship right now, perhaps because you are focusing on the lacks, flaws and least pleasing aspects of one another. Your mutual fears, insecurities and barriers to love and intimacy are up right now. Although unpleasant, it would be wise to take responsibility for your unhappiness rather than conveniently blaming the other. Temporarily pulling back and having some solitude may not be a bad idea.

May 24, 2006 3 PM(May 23, 2006 to May 25, 2006)

Ven Trine Ura

Spontaneous playfulness, singing, dancing, or lovemaking adds zest to your time together. Music and movement open you up. Your rhythms are in harmony.

May 24, 2006 11 PM(May 24, 2006 to May 25, 2006)

Merc Qucnx Nep

As a twosome, you are not likely to have very sound judgment or clear perceptions right now. Fantasies, illusions, even a seemingly innocent "white lie" can cloud the atmosphere between the two of you, and someone is apt to get rather confused.

Obviously this is not a time to make practical commitments or decisions that will affect both of you for a long time. Make every effort to be unambiguous and truthful right now.

May 25, 2006 10 AM(May 24, 2006 to May 26, 2006)

Ven Sqr Jup

You put each other in the mood for a good time. Together the two of you are inclined to foolishly overdo or splurge on something you can't really afford. A mutual friend in need may be the beneficiary of your generosity but beware of lending, giving, or promising more than you should. You may want to give extravagantly to one another too.

May 25, 2006 10 PM(May 25, 2006 to May 26, 2006)

Merc Trine Merc

New ideas and stimulating conversation flows. This is also a wonderful time to take a trip together, or at least to plan one.

May 26, 2006 6 AM(May 25, 2006 to May 27, 2006)

Merc Trine Sun

Communication flows freely. You both feel open about expressing your ideas and are willing to hear the other's as well. If you are not physically together, you will want to be calling or visiting one another even more than usual.

May 26, 2006 7 PM(May 25, 2006 to May 28, 2006)

Mars Conj Jup

You encourage confidence, positive belief, and positive action in one another right now so that whatever you do together is likely to succeed. This is an excellent time to birth any joint enterprise, business or creative endeavor. Decisiveness combined with vision and foresight enable you to do something grand. On another level, vacations or journeys that involve physical effort and activity, such as hiking or camping, are favored now.

May 27, 2006 2 AM(May 26, 2006 to May 28, 2006)

Merc Sqr MC

Right now both of you tend to say more than is necessary. If you have plans for the day, make sure you do not fritter away the time discussing your various options or negotiating over trivialities. Nit picking over details can create tense moments.

May 28, 2006 12 PM(May 27, 2006 to May 29, 2006)

Sun Sqr Moon

There is a definite tendency for one of you to unwittingly override the other's feelings, wishes, or unspoken needs, which can cause some tension between you. You may be somewhat at odds or out of touch with one another. However, if both of you will take responsibility for voicing your wishes, even if they seem rather childish or needy, your time together can be intimate and satisfying.

May 28, 2006 (May 19, 2006 to June 8, 2006)

Jup Conj Nep

This is a time of spiritual openings, increased religious, or charitable impulses, greater idealism and hopes; "impossible" dreams and miracles now seem possible, even likely! You may experience also a yearning for some faraway place with mystical appeal - perhaps Egypt, or Hawaii, or Bali, or wherever you consider to be "holy land". This is indeed an excellent time for such a pilgrimage. Worldly endeavors are not favored now, and get-rich-quick schemes of any kind should be viewed skeptically.

May 29, 2006 10 AM(May 28, 2006 to May 30, 2006)

Ven Sqr Ven

Disagreements about personal tastes and styles, some lack of consideration or thoughtfulness, or one of you wanting more attention and affection will lead to... kissing and making up! Or, it will lead to an awareness that you need to be doing things differently to please one another as well as yourselves.

May 29, 2006 12 PM(May 28, 2006 to May 30, 2006)

Sun Sqr Plu

There may be a "heavy" or intense encounter between the two of you at this time, or between the both of you and someone or something in your environment. You may see clearly something which has been operating subliminally or beneath the surface in your relationship. On a very practical, material level there may be breakdowns of machinery, or of something else that has been needing repair for some time.

May 30, 2006 2 PM(May 30, 2006 to May 31, 2006)

Merc Qucnx Mars

You tend to snap at one another or to blurt something very tactless and inadvertently hurtful. Minor accidents could occur, too, if extra care is not taken.

May 30, 2006 10 PM(May 30, 2006 to May 31, 2006)

Merc Qucnx Sat

You tend to miss one another's messages right now, both literally and figuratively. Beware of blaming one another for simple human error.

May 31, 2006 11 AM(May 30, 2006 to June 1, 2006)

Merc Sxtil Ura

If you are together now, you are not as apt to be focusing on one another as on doing something exciting or out of the ordinary. You will both want to pursue new friends, fresh or unusual ideas, or a different social or cultural scene than you are accustomed to. There is also an increase in the mental telepathy between you.

June 1, 2006 6 PM(May 31, 2006 to June 2, 2006)

Sun Qucnx Nep

Confusions, mix-ups, not showing up on time or at all, forgetting something significant, or just feeling a little fuzzy or spacey in each other's presence is likely now. Do your best not to let each other down or be unreliable toward one another right now.

June 2, 2006 9 AM(June 1, 2006 to June 3, 2006)

Ven Sxtil Asc

Both your friendships and your romance blossom now. You are getting along splendidly, and whatever you do together should work out very well.

June 3, 2006 10 AM(June 2, 2006 to June 4, 2006)

Merc Qucnx Ven

Do not allow a minor indiscretion or a few awkward moments mar your time together. Unless it is a persistent pattern, you may want to smile and look the other way if one of you behaves foolishly or says something socially inappropriate.

June 3, 2006 1 PM(June 1, 2006 to June 5, 2006)

Mars Oppos Ven

You arouse strong, passionate, amorous feelings in one another now. In fact, you will probably find each other irresistible! Because the physical attraction between you is at a peak, you will want to make love or at least play rambunctiously together. If your desires are frustrated for some reason, this energy could become a heated exchange.

June 3, 2006 9 PM(June 2, 2006 to June 4, 2006)

Sun Trine Merc

You flow together rather easily now, especially on a mental or intellectual level. This is a good time for you to talk, air things out, further your understanding of one another's ideas and beliefs. Going for a drive, to a movie, or on some other short outing is favored also.

This is a period of balance, equilibrium, and flow between you, and thus a favorable time for any joint endeavor or to just enjoy being together. Paying attention to what is good about one another and the relationship, perhaps giving a gift or some other form of love and recognition to your partner, will build a fund of goodwill and good feelings to draw upon during times of trouble. You are "lucky" together right now.

Wishes, fantasies, and sweet dreams of love color your responses to one another now. This can be a particularly enchanting, even intoxicating time - or a disappointing one if your partner does not fulfill your ideals. Share your heart's secret wishes with one another.

June 8, 2006 4 AM(June 7, 2006 to June 9, 2006)

Merc Sxtil Plu

The two of you play spy, detective, private investigator. You may find something lost, inadvertently uncover a secret, or get some inside information. A friend comes to you with a problem that requires discretion.

June 9, 2006 6 PM(June 8, 2006 to June 10, 2006)

Ven Sqr Merc

You seek out amusement or entertainment that is just fun and which does not demand much of you intellectually or emotionally. You also enjoy flirting or teasing one another in a friendly way. Some of these "jokes" or playful remarks contain quite a bit of truth about your thoughts and feelings towards each other, but you sweeten them with humor and affection.

June 10, 2006 5 AM(June 9, 2006 to June 11, 2006)

Sun Qucnx Mars

You tend to subtly irritate one another right now, resisting one another's suggestions and insisting on doing things your way. As long as neither of you attempts to dominate, this should not be too much of a problem, but any activity that requires close cooperation is not favored now.

Things are on an even keel between you right now. Though not necessarily wildly exciting or the stuff dreams are made of (unless you have some other astrological influence operating), being with one another is comforting, reassuring, stabilizing. Quiet pastimes are favored.

June 19, 2006 5 AM(June 18, 2006 to June 20, 2006)

Ven Sqr Ura

A restless mood and a yearning for something different comes over the two of you. Going for a long auto trip - or otherwise being in a small space for a long time together -is NOT a good idea. You would bite each other's heads off - or want to!

June 19, 2006 9 PM(June 18, 2006 to June 20, 2006)

Merc Oppos Sat

You are seeing something of the shadow side of one another and your relationship now. Perhaps you will observe how the other person handles frustration or a tough situation. This is an interesting period for the two of you! You may find that you attract other people's attention when you are out together in public, or be drawn into situations that are controversial and somehow unsettling. Breaking free of conventional norms, acting on impulse, or being labeled "crazy" or heretical are all quite possible now. Unusual or "fringe" subjects (like astrology!) may play a role in your relationship now!

Merc Conj Jup

At this time your conversations will turn philosophical and/or futuristic. Optimistic plans and possibilities are featured. June 22, 2006 2 AM(June 20, 2006 to June 23, 2006)

Mars Sqr Nep

Either or both of you experience a vague sense of dissatisfaction or confusion about what you want right now. What is in fact happening is that you are wanting to act out some fantasy or dream-wish, and are uncertain or unclear about it. You encourage each other to pursue the impossible dream - which may not be impossible at all if you are able to distinguish fact from fiction and are completely honest with each other. Some kind of weirdness and a taste for the bizarre or unattainable are part of the scenario.

June 23, 2006 10 PM(June 23, 2006 to June 24, 2006)

Ven Trine Ven

Sun Conj Asc

This is a special day for the two of you. You are likely to feel especially strong as a couple. Together, you attract the attention and recognition of other people in your environment, so if you want your privacy, do not go out in public together. On the other hand, if you want to make a favorable impression as a couple, this is the time.

You are drawn to the mystery or secret depths of one another now. You may discover something about your partner you only glimpsed before. This can be a revitalizing time for the two of you. Certainly it will not be a superficial encounter.

June 29, 2006 10 PM(June 29, 2006 to June 30, 2006)

Ven Sqr Moon

The mood between you is soft, loving, understanding, supportive. The need for love is strong in one or both of you, perhaps more than you are comfortable with. A little reassurance goes a long way.

June 30, 2006 6 PM(June 29, 2006 to July 1, 2006)

July 3, 2006 4 AM(July 2, 2006 to July 4, 2006)

Sun Trine Nep

You are very open and physically sensitive to one another at the moment, and can experience unusual extrasensory perception, or telepathy with one another. You are in a dreamy, imaginative space together. Perhaps you can take a long walk on the beach and tell one another your dreams.

July 3, 2006 8 AM(July 2, 2006 to July 4, 2006)

A vague feeling of dissatisfaction or confusion arises now. One of you feels you are sacrificing too much, or you just don't know where the other person is coming from. This is the time to send one of those lusciously romantic or sentimental cards. Even better, write a love letter or song for your partner. At this time your relationship is enhanced through WORDS artfully or heartfully expressed. Speak or write about your appreciation, admiration, passion, or affection for one another.

A subtle sense of tension, interference, or a feeling of being at odds with one another without anything in particular to pin that feeling on pervades your relationship now. Circumstances may also seem to conspire to prevent you from being together or doing what you wish to be doing with one another. Pay attention to any problems that arise between you now. You probably will not be able to directly work on them or resolve them at this point, regardless of your good intentions, but if you submerge or ignore them they will resurface in full force in about three months.

Hurrying, pushing, or trying to force things spells trouble! Anger that is just below the surface but which has no place to be released can make this a very trying time as well. Take it easy on one another.

Ven Qucnx Sat

You have difficulty connecting to one another right now, and either or both of you may want to separate or temporarily withdraw from the relationship. Fortunately this is apt to be short-lived if your relationship is essentially good. Use this time to clue yourselves in to what could be improved in your ways of relating to one another.

July 13, 2006 3 PM(July 12, 2006 to July 15, 2006)

This is a time of very dynamic and potentially explosive energy between the two of you. You bring out the wild, dare-devilish, thrill-seeking side of one another. You could behave erratically toward one another, too. Impulsive actions, unexpected outbursts, or surprise upsets are also quite likely.

July 14, 2006 9 AM(July 13, 2006 to July 15, 2006)

Ven Sxtil Ura

The two of you could start up a relationship with some new people. Follow your spontaneous impulses as they will lead you to new pleasures and vitality for your relationship. Music and movement play a role.

July 15, 2006 6 AM(July 14, 2006 to July 16, 2006)

Sun Oppos Mars

You are hot and feisty together. Vigorous, competitive play or other physical activities can be a positive way to release these energies, but conflict and confrontations are just as likely. If tempers begin to flare, back up and give one another some space. Most likely you are fighting over nothing more than an ego position.

July 16, 2006 12 AM(July 14, 2006 to July 17, 2006)

Sun Oppos Sat

Questions about the seriousness of your commitment to one another, or personal insecurities, creates a rather heavy tone. One or the other of you may put the brakes on or have some serious doubts. A joint project may encounter a delay, set back, or rejection also.

July 17, 2006 11 PM(July 16, 2006 to July 18, 2006)

Sun Conj Jup

Hope and optimism permeates your relationship at this time. You see what is good about being together, as well as where your relationship is headed and what the possibilities are. If you have not been getting along well, this is a time to bury the hatchet and start over again. Tolerance, generosity, and forgiveness flow more easily, and you are more concerned with your future rather than your past. This is a time to make plans, and perhaps set some long-range goals for yourselves. You also may want to do something expansive and freeing, like taking a trip or doing something you have never done before as a couple.

July 18, 2006 7 PM(July 17, 2006 to July 20, 2006)

Ven Qucnx Ven

Disagreements arise now over personal tastes and styles, what each of you considers desirable or beautiful, how you show love or want to be loved. This will not be a direct confrontation most likely, more of a subtle sense that the other is missing something, not "getting it".

July 21, 2006 7 PM(July 20, 2006 to July 23, 2006)

Merc Oppos Sat

You are seeing something of the shadow side of one another and your relationship now. Perhaps you will observe how the other person handles frustration or a tough situation. July 22, 2006 2 PM(July 20, 2006 to July 24, 2006)

Mars Qucnx Ven

There may be some tension over what each of you wants and is willing to give, and unless you are conscious of what is happening, you may feel drained at the end of the day without knowing why. Be as direct as possible about what you want without being demanding, accusing or pulling too much on your partner's energy.

July 22, 2006 8 PM(July 22, 2006 to July 23, 2006)

This is a very favorable time for you as a couple. The spirit of Eros - love, affection, pleasure, beauty - flows though and brings the two of you together. Sun Oppos Ven

You bring out the best in one another right now, and this can be a very happy time together. Your mutual affection and desire to be together is apt to override everything else for the moment. If romance has been missing between you, make this a special occasion. Find out what would delight your partner, and do that. You are both open to pleasing and being pleased.

July 23, 2006 4 AM(July 21, 2006 to July 25, 2006)

Vigorous discussions, intellectual debates, or out-and-out verbal warfare are possible. Neither one of you is very conciliatory or in the mood for compromise at this time. Try to respect one another's opinions.

Going for a long auto trip - or otherwise being in a small space for a long time together -is NOT a good idea. You would bite each other's heads off - or want to!

July 24, 2006 10 PM(July 24, 2006 to July 25, 2006)

Ven Sxtil Moon

It is family time, and being with young ones is favored. You may want to "adopt" others' youngsters for the day if you do not have any of your own. Or you may want to spend some time with a beloved pet. Visits with relatives go very smoothly also.

July 25, 2006 (July 17, 2006 to Aug 1, 2006)

Sat Oppos Merc

Communication is difficult at this time, and this is so for a number of reasons: you are less open to one another's ideas, you feel criticized and judged when you express your opinions so that you close down or withdraw, you do not feel heard or understood, or you have to address subjects that are heavy or unpleasant. You may find yourselves dwelling on problems or potential problems whenever you are together. Try to remember to keep a sense of humor and a sense of perspective about what is going on. It is probably not as bad or as serious as you think! You may need some space and time to sort things out, and a temporary separation may be the answer.

July 25, 2006 6 PM(July 24, 2006 to July 26, 2006)

There is a magical attractiveness or feeling of "fate" between the two of you now. Lovemaking or any exchange between you is intense and potentially rejuvenating for your relationship.

Ven Qucnx Merc

A minor social embarrassment or some awkwardness between the two of you occurs now. Someone inadvertently strikes a discordant note. As long as you can laugh at yourselves, you will be fine.

July 30, 2006 12 AM(July 28, 2006 to July 31, 2006)

Mars Sxtil Asc

Together you will want to be active and getting something accomplished. You are prone to push each other to do more, but in an encouraging and positive way. Sports or outdoor activities are also favored.

July 30, 2006 (July 22, 2006 to Aug 6, 2006)

Sat Oppos Sun

Forces of separation and detachment are very strong right now. One or both of you may be having serious doubts about the value of the relationship. If you are well-established as a couple, and have been together for some time, you may feel there is no life or juice left between you, only an old form. Whether a recent or a long term relationship, this is likely to be a cooling off period, or one in which so many impediments exist that you will wonder if it is worth the effort.

If your bond truly has merit and staying-power, this will be a testing period that you can endure. If not, it may well be the time to let go.

July 30, 2006 12 PM(July 29, 2006 to July 31, 2006)

Ven Qucnx Sun

One of you is more in the mood for romance and affection than the other, or you are both feeling loving but schedules or other commitments interfere. Some kind of embarrassing situation, indiscretion, or inappropriate behavior can mar this time, so be as thoughtful and considerate of one another as possible.

This astrological influence (Merc Oppos Mars) also occurred on July 23, 2006 (peak date). Please refer to this date.

Aug 3, 2006 2 PM(Aug 2, 2006 to Aug 4, 2006)

Sun Sqr Nep

Do all you can to avoid confusion, ambivalence, vagueness, or misunderstanding between you right now. At the same time, try to be forgiving of one another for lapses or mix-ups which do occur. The atmosphere between you is temporarily foggy and uncertain.

Aug 4, 2006 2 PM(Aug 2, 2006 to Aug 6, 2006)

Mars Conj Plu

Any suppressed feelings of resentment or anger which you harbor toward one another will surface in some way at this time. If the two of you have an imbalance of power in your relationship (for instance one of you is always calling the shots or is in control of important decisions while the other acquiesces or allows it), an intense ego conflict could erupt. Even if the two of you are well-balanced and usually harmonious, a spirit of strong willed determination or possibly competition is apt to arise. Beware of any kind of coercion or of being too demanding and hard on one another.

Aug 4, 2006 2 PM(Aug 2, 2006 to Aug 5, 2006)

Merc Oppos Sat

This astrological influence (Merc Oppos Sat) also occurred on July 21, 2006 (peak date). Please refer to this date.

Aug 5, 2006 5 PM(Aug 4, 2006 to Aug 6, 2006)

Sun Oppos Merc

Whatever you have going on together today, the pace will be lively. Discussions and negotiations are featured, and this is a fine time for the two of you to make plans or decisions together. You are thinking clearly and will help one another to make sound judgments.

Aug 6, 2006 9 AM(Aug 5, 2006 to Aug 7, 2006)

Sun Oppos Sun

The ways in which you balance, complement, or differ from one another are accented now. Accepting and appreciating those differences is a good way to go. The awareness of yourselves as separate and unique individuals need not be problematic, but joint decisions or projects are not favored now. Neither of you is apt to give up your own wants for the sake of the relationship.

Aug 6, 2006 8 PM(Aug 5, 2006 to Aug 7, 2006)

Ven Oppos Mars

Cupid's arrows are flying! Warm amorous feelings are aroused between you and the physical attraction intensifies. The desire to please one another in love, to give as well as receive pleasure, makes lovemaking joyful. If your relationship is not a passionate one, you will still feel frisky and pleasantly stimulated by one another.

Aug 6, 2006 11 PM(Aug 5, 2006 to Aug 7, 2006)

Merc Conj Jup

This astrological influence (Merc Conj Jup) also occurred on July 18, 2006 (peak date). Please refer to this date.

Aug 7, 2006 9 AM(Aug 6, 2006 to Aug 8, 2006)

Ven Oppos Sat

The two of you may cool toward one another, withdraw, or be temporarily separated right now. Even if you are with each other, affection and intimacy may be lacking. Avoid criticizing or judging one another too harshly right now. Even if there are real problems or difficulties between you, you are probably seeing the worst in one another and focusing on what you don't like.

Aug 8, 2006 5 AM(Aug 7, 2006 to Aug 9, 2006)

Sun Qucnx MC

This could be a tense or awkward time if one of you wants to know where your relationship is headed and the other is unable to be definite. Even if you are in a very solid relationship with one another, you are still apt to be out of step with one another now. You may just be focusing on different things at the moment.

Aug 8, 2006 10 PM(Aug 8, 2006 to Aug 9, 2006)

Ven Conj Jup

Optimism, good humor, and big heartedness set the tone now. This is a time for gift-giving or buying something beautiful that the two of you will share. However, you bring out any inclinations toward extravagance and excess that either of you has, and you could spend too much or in some other way overdo a good thing. You will want to dress up and go to a party, put on some festive event yourself, or go out to the poshest place you know.

Aug 9, 2006 1 PM(Aug 7, 2006 to Aug 11, 2006)

Mars Sxtil Nep

There is a touch of the fantastic, magical or mystical in the atmosphere between you now. This is a good time to visit Disney World or watch your favorite fantasy movie together. Creative and artistic energies are activated also; you may want to paint, sculpt, write or create music together.

Aug 11, 2006 2 AM(Aug 10, 2006 to Aug 12, 2006)

Merc Oppos Ven

There is a flirtatious, lighthearted, sweet tone between you at this time. Even if you do not usually express much love or sentiments verbally, this is a good time to do so. Send a love note, a card, or simply tell the other just what you appreciate about them.

Aug 12, 2006 6 PM(Aug 11, 2006 to Aug 14, 2006)

Mars Qucnx Merc

Irritability can lead to ill-considered words, which provoke a fight. Today can be a real headache if you do not make an effort to be considerate and tactful.

Aug 12, 2006 6 PM(Aug 11, 2006 to Aug 13, 2006)

Ven Oppos Ven

This is a very loving time, and can be tremendously heart opening and romantic. At the least, you will be cooperating well because your mutual desire for harmony and unity is so strong right now. You are also inclined to be somewhat frivolous, doing something just because it is beautiful, or feels wonderful, or you want to. The spirit of Eros permeates the atmosphere between you.

Aug 12, 2006 (Aug 5, 2006 to Aug 20, 2006)

Sat Qucnx MC

A minor setback or "red light" may impede the two of you at the moment. You may feel that you have to jump through too many hoops in order to be together, or to get anything accomplished together. Try not to blame one another for the frustration.

Aug 13, 2006 6 PM(Aug 12, 2006 to Aug 15, 2006)

Mars Qucnx Sun

Your individual agendas and desires are pulling you in different directions for the moment. It would be best to let each other go off alone; if you are together you are apt to irritate or get in each other's way.

Aug 13, 2006 (Aug 3, 2006 to Aug 22, 2006)

Jup Conj Nep

This is a time of spiritual openings, increased religious, or charitable impulses, greater idealism and hopes; "impossible" dreams and miracles now seem possible, even likely! You may experience also a yearning for some faraway place with mystical appeal - perhaps Egypt, or Hawaii, or Bali, or wherever you consider to be "holy land". This is indeed an excellent time for such a pilgrimage. Worldly endeavors are not favored now, and get-rich-quick schemes of any kind should be viewed skeptically.

Aug 15, 2006 3 PM(Aug 14, 2006 to Aug 16, 2006)

Sun Qucnx Mars

You tend to subtly irritate one another right now, resisting one another's suggestions and insisting on doing things your way. As long as neither of you attempts to dominate, this should not be too much of a problem, but any activity that requires close cooperation is not favored now.

Aug 16, 2006 8 AM(Aug 15, 2006 to Aug 17, 2006)

Sun Qucnx Sat

Frustration, doubts, or feeling rather disconnected from one another colors this time period. Small problems may seem more serious than they are, and issues that do not have immediate, clear solutions may arise. Forbearance, patience, and a gentle approach are called for.

Aug 16, 2006 2 PM(Aug 14, 2006 to Aug 18, 2006)

Mars Oppos MC

This is a good time to work on building a foundation for shared goals for the future. Some disagreement based in differences in your past, your upbringing, your heritage, or your attitudes towards family may arise however. Be aware that seemingly innocent remarks are likely to be taken very personally now, and thus cause offense. Accidents in the home are also possible, especially if you allow conflicts to escalate.

Aug 17, 2006 9 AM(Aug 16, 2006 to Aug 18, 2006)

Sun Conj Ura

Something unexpected, unusual, surprising occurs between you now. You may experience something unexplainable, perhaps an uncanny synchronicity or coincidence. There is an electric atmosphere of spontaneity, uncertainty, or excitement between and around you now.

Aug 18, 2006 2 AM(Aug 17, 2006 to Aug 19, 2006)

Merc Sqr Nep

Talking to one another now is apt to be confusing, bewildering, or just plain strange. It is likely that one or the other of you will entirely forget crucial pieces of information -or the entire conversation! Concrete plans are apt to go awry, for reasons unclear or unknown. Obviously this is not the time to make serious decisions, or to buy something you will both have to live with for some time to come. This is a fine time, however, to dream and imagine together, or to immerse yourselves in some fantasy - the theater or a film perhaps.

Aug 19, 2006 5 AM(Aug 18, 2006 to Aug 20, 2006)

Merc Oppos Merc

If the two of you have not talked in a while, this is the time to do it. Clear communication and reasonable thinking prevail. This is a favorable time for a short trip as well.

Aug 19, 2006 1 PM(Aug 19, 2006 to Aug 20, 2006)

Merc Oppos Sun

If you are not physically together right now, you will really want to reach out and connect in some way. You may call each other more frequently than usual, or feel you must visit one another even if only briefly. If you are in one another's company, you will not be able to sit still. A drive, walk, or other outing, along with lots of conversation, would be just right for you now.

Aug 20, 2006 12 PM(Aug 19, 2006 to Aug 21, 2006)

Merc Qucnx MC

You may notice that there is altogether too much thinking going on now. Trying to second guess one another or figure things out, the two of you may be just spinning your wheels. Be discreet now, as there is a tendency to say too much or tell something to the wrong person, which can adversely affect the two of you as a couple.

Aug 21, 2006 10 PM(Aug 21, 2006 to Aug 22, 2006)

Ven Sqr Nep

You are probably not seeing one another very realistically right now - nor do you want to. Erotic imagination, fantasy, and your wishes for love color your perceptions of one another and your relationship. If your partner does not fulfill your dreams or even have any interest in them, you may well be disenchanted.

Aug 23, 2006 3 AM(Aug 22, 2006 to Aug 24, 2006)

Sun Qucnx Ven

The personal goals, ambitions, or desires of one or both of you interferes with your relationship at present. One or the other is apt to be neglected or put aside. Or you may simply be out of sync with each other. As long as this is not a repeated theme in your relationship, just let it pass.

Aug 23, 2006 2 PM(Aug 22, 2006 to Aug 24, 2006)

Ven Oppos Merc

The two of you receive some pleasant news, enjoy something funny or uplifting, and find more to agree upon than to disagree about. This is a favorable time to sort out any misunderstandings between the two of you also. A tone of reasonableness, cooperation and receptivity to the other's point of view prevails.

Aug 24, 2006 2 AM(Aug 23, 2006 to Aug 25, 2006)

Ven Oppos Sun

Openheartedness and affection permeate this time period, and a strong mutual attraction brings you together. Dress up!

Aug 24, 2006 3 AM(Aug 23, 2006 to Aug 25, 2006)

Merc Qucnx Mars

You tend to snap at one another or to blurt something very tactless and inadvertently hurtful. Minor accidents could occur, too, if extra care is not taken.

Aug 24, 2006 11 AM(Aug 23, 2006 to Aug 25, 2006)

Merc Qucnx Sat

You tend to miss one another's messages right now, both literally and figuratively. Beware of blaming one another for simple human error.

Aug 24, 2006 11 PM(Aug 24, 2006 to Aug 25, 2006)

Merc Conj Ura

You spark one another's intellectual or spiritual curiosity. Creative, original, inspired, and just plain off-the-wall ideas come through the two of you now. You may find the pace is a bit unnerving though, and you may have to deal with some unexpected occurrence if you are out together.

Aug 25, 2006 1 PM(Aug 24, 2006 to Aug 26, 2006)

Ven Qucnx MC

Work or financial concerns may interfere with pleasure and you may not be able to spend as much time together as you would like to. Although this can be a frustrating, minor sacrifices now seem to be called for.

Aug 27, 2006 5 PM(Aug 26, 2006 to Aug 29, 2006)

Mars Trine Mars

This is an excellent time to begin a project together, or to rekindle your interests in something you might have begun together earlier and put aside. Any kind of sport or physical activity you enjoy together is favored now also. Just about anything you do as a couple will be successful now due to your combined enthusiasm for the project.

Aug 27, 2006 6 PM(Aug 27, 2006 to Aug 28, 2006)

Merc Qucnx Ven

Do not allow a minor indiscretion or a few awkward moments mar your time together. Unless it is a persistent pattern, you may want to smile and look the other way if one of you behaves foolishly or says something socially inappropriate.

Aug 27, 2006 10 PM(Aug 26, 2006 to Aug 28, 2006)

Sun Sxtil Asc

An overall sense of harmony characterizes this time, and the two of you are apt to be rather gregarious and social. You will want to go out rather than stay at home together right now.

Aug 28, 2006 7 PM(Aug 27, 2006 to Aug 30, 2006)

Mars Trine Sat

If the two of you work together in any capacity, this is a time you will buckle down, focus, and get some real work done. Even if you do not generally work with one another, this is a good time to help each other with some unglamorous, tedious, but necessary task. You will actually enjoy doing this with or for each other right now.

Aug 30, 2006 (Aug 22, 2006 to Sep 5, 2006)

Jup Sqr Merc

Philosophical discussions and talking about religious views or personal beliefs and convictions (or lack of them) are on the agenda now. You may discover some key areas of disagreement or be surprised to discover your partner has ideas and interests you would have never suspected. This is a good time to learn more about one another's overarching beliefs and attitudes, which can affect your future together. Also, even if you have known one another quite a while and you believe you know how the other thinks about most topics, something new and

mind-expanding may well come into your lives in this time which will alter those ideas.

Aug 30, 2006 2 AM(Aug 29, 2006 to Aug 31, 2006)

Merc Sxtil Asc

Even if the two of you want to be alone together now, you probably will not be. For some reason, the two of you evoke others' curiosity or friendly interest. This is a good time for a round table discussion, a block party, or some other group event you attend as a couple.

Aug 30, 2006 1 PM(Aug 29, 2006 to Aug 31, 2006)

Sun Conj Moon

At this time your shared history or events from the past dominate your relationship. If it is a relatively new relationship, you may find out something particularly personal and intimate about your partner which increases your feelings of closeness. If you have been together quite a while and your relationship is sound, the comfort, security, and sense of belonging you have with one another will be emphasized.

You will see what habits you have developed as a couple, and whether or not you are emotionally satisfied, feel supported, and are feeling close to one another. If hurt feelings over past behavior come up now, let the aggrieved one fully share those feelings. Simply LISTEN and RECEIVE one another. A tone of nostalgia, or longing for what was, may pervade this time period.

Aug 31, 2006 7 AM(Aug 30, 2006 to Sep 1, 2006)

Ven Qucnx Mars

Some subtle awkwardness or tension creeps into your relationship. Something just is not clicking between you right now, romantically or sexually. One of you may be missing the other's cues or inadvertently putting the other off.

Aug 31, 2006 9 AM(Aug 30, 2006 to Sep 1, 2006)

Merc Conj Moon

Go for a walk in the moonlight! This is a time for intimate confidences and sharing your personal stories with one another. A flow of mutual understanding, sympathetic interest, trust, and support can make this a special time.

Aug 31, 2006 1 PM(Aug 30, 2006 to Sep 1, 2006)

Sun Conj Plu

Whatever occurs between the two of you now will illuminate and bring into conscious awareness something that goes on all the time subliminally or behind-the-scenes. You may see one another's deeper motives and hidden agendas. Do you empower and reinforce one another? Do you ask directly for what you need or try to get it with subtle manipulation? Questions of personal power come into play here.

Aug 31, 2006 5 PM(Aug 30, 2006 to Sep 2, 2006)

Mars Sxtil Jup

You will want to do something active, social and fun together right now, nothing too passive or intellectual. Dancing, team sports, or even a big noisy gathering of some kind would agree with the two of you.

Aug 31, 2006 9 PM(Aug 31, 2006 to Sep 1, 2006)

Merc Conj Plu

Profound thoughts and probing conversation are on the agenda. You are both likely to express some strong opinions and convictions, but avoid trying to coerce the other person into accepting your views. You can reach new depths of your understanding of one another but you may also find yourselves in some shadowy territory. You may see an unsuspected secretive side to your partner, or share a secret.

Aug 31, 2006 9 PM(Aug 31, 2006 to Sep 1, 2006)

Ven Qucnx Sat

You have difficulty connecting to one another right now, and either or both of you may want to separate or temporarily withdraw from the relationship. Fortunately this is apt to be short-lived if your relationship is essentially good. Use this time to clue yourselves in to what could be improved in your ways of relating to one another.

Sep 1, 2006 4 PM(Aug 31, 2006 to Sep 2, 2006)

Ven Conj Ura

This is a time of romantic surprises and an urge for something adventurous in love. The "surprise" may be delightfully impulsive, or a sudden change of heart. Either way, it shakes you up a bit.

Sep 2, 2006 12 PM(Sep 1, 2006 to Sep 3, 2006)

Merc Sxtil Nep

Being with one another now makes you both more open and sensitive to the nonrational, mysterious, supernatural, or miraculous aspects of life. Your psychic rapport with one another is heightened; amazing coincidences, or telepathic knowledge of one another is very likely. This is a good time to visit the ocean, lakeside, or your favorite contemplative spot together.

Sep 3, 2006 (Aug 27, 2006 to Sep 9, 2006)

Jup Sqr Sun

A restless urge for expansion may overtake the two of you now. You tend to reinforce in one another hankering for something bigger or more stimulating - the "grass-is-greener-over-there" syndrome, and you encourage one another to take risks, to jump on opportunities, to do something outside of your usual sphere of life.

You will tend to feel quite good with each other, like you can do anything. Projects you may have worked on together will receive recognition or some kind of boost now.

Sep 3, 2006 1 PM(Sep 3, 2006 to Sep 4, 2006)

Merc Qucnx Merc

Communication is a little awkward or tense, even if you usually understand one another perfectly. Be forgiving of one another's social faux pas now.

Sep 3, 2006 6 PM(Sep 2, 2006 to Sep 4, 2006)

Sun Sxtil Nep

You are in a mellow and whimsical mood. This is a good time to listen to music together, go see a film, go to the theater, paint your bathroom lavender, give one another a relaxing massage, or share your dreams or fantasies with one another.

Sep 3, 2006 9 PM(Sep 3, 2006 to Sep 4, 2006)

Merc Qucnx Sun

Having to deal with last-minute details or mechanical problems, or red tape may interfere with your plans. Also communication between you is a little tense and one of you may say something that strikes a discordant note. Step back, breathe deeply, and keep a sense of humor.

Sep 4, 2006 8 PM(Sep 4, 2006 to Sep 5, 2006)

Merc Oppos MC

Domestic concerns and discussions about home, family members, or your past history arise now. If you share a dwelling, you may decide to make some changes in the arrangements, organize the space differently, and generally put everything in order there.

Sep 5, 2006 8 PM(Sep 4, 2006 to Sep 6, 2006)

Sun Qucnx Merc

You get your wires crossed right now. You may not receive one another's messages, or may be unavailable when the other wants to connect. Expect minor irritations, which will quickly pass.

Sep 6, 2006 4 AM(Sep 5, 2006 to Sep 7, 2006)

Ven Qucnx Ven

Disagreements arise now over personal tastes and styles, what each of you considers desirable or beautiful, how you show love or want to be loved. This will not be a direct confrontation most likely, more of a subtle sense that the other is missing something, not "getting it".

Sep 6, 2006 12 PM(Sep 5, 2006 to Sep 7, 2006)

Sun Qucnx Sun

A subtle sense of tension, interference, or a feeling of being at odds with one another without anything in particular to pin that feeling on pervades your relationship now. Circumstances may also seem to conspire to prevent you from being together or doing what you wish to be doing with one another. Pay attention to any problems that arise between you now. You probably will not be able to directly work on them or resolve them at this point, regardless of your good intentions, but if you submerge or ignore them they will resurface in full force in about three months.

Sep 7, 2006 11 PM(Sep 6, 2006 to Sep 9, 2006)

Mars Trine Ven

A wonderful time for love and romance! The spirit of Eros is alive and flowing between you. You will be feeling very warm, sexy, loving and affectionate toward one another. Creative projects are favored also.

Sep 8, 2006 8 AM(Sep 7, 2006 to Sep 9, 2006)

Sun Oppos MC

The focus is on your roots, foundations, origins, heritage, domesticity, sharing your inner lives and private worlds with one another. This can be a very intimate time. If you live together, home improvements or creating something special in your living space is emphasized.

Sep 8, 2006 5 PM(Sep 8, 2006 to Sep 9, 2006)

Merc Trine Mars

This is a good time to bring up something that may be difficult for you to talk about, and to state your point of view clearly and unambiguously. Expect a bit of intellectual bantering as well.

Sep 9, 2006 2 AM(Sep 8, 2006 to Sep 10, 2006)

Merc Trine Sat

Topics under discussion now: money, investments, material security, practical realities and limitations and how they figure in to mutual wishes and desires. If your relationship is fairly new, keep your eyes and ears open to discover how the other person deals with or avoids adult responsibility.

Sep 9, 2006 9 PM(Sep 9, 2006 to Sep 10, 2006)

Ven Sxtil Asc

Both your friendships and your romance blossom now. You are getting along splendidly, and whatever you do together should work out very well.

Sep 10, 2006 3 AM(Sep 9, 2006 to Sep 11, 2006)

Merc Sxtil Jup

Talk turns to philosophical speculations, dreams for the future, and mutual aspirations. You help one another to see the big picture right now so petty immediate problems do not seem so important. This is a good time to see a comedy and to share humor.

Sep 11, 2006 10 PM(Sep 11, 2006 to Sep 12, 2006)

Ven Conj Moon

This is a very soulful, sweet time. Love, tenderness, and affection blossom between you. If things have not been going so well, you will be especially remorseful about that now and try to make amends. Kindness and caring of one another's heart is more important than being right.

Sep 12, 2006 5 PM(Sep 11, 2006 to Sep 13, 2006)

Ven Conj Plu

You arouse deep feelings in one another now, and you may be triggering powerful energies within each other that neither of you entirely comprehends. You may feel passionate attraction or unreasonable jealousy or resentments. If you find yourself reacting strongly to something the other person does, or even just their voice or their presence, understand that it is much more than their present behavior that is getting to you. Any unresolved personal or emotional issues of your own are being stimulated, and any of the "dragons" in your relationship could be rearing their heads as well.

Sep 12, 2006 7 PM(Sep 12, 2006 to Sep 13, 2006)

Merc Trine Ven

You bring out a lighthearted and pleasant mood in one another. A spontaneous small gift as loving note - something small and sweet - would be perfect. Loving words come easily -and mean a lot - right now.

Sep 14, 2006 (Sep 8, 2006 to Sep 20, 2006)

Jup Trine MC

Together you are more confident, more inspired, even more "lucky" than either of you might be as individuals now. You will boost one another's energy for positive accomplishment, setting and pursuing important goals. As a team you are both effective and fortunate right now.

Sep 15, 2006 3 AM(Sep 13, 2006 to Sep 16, 2006)

Mars Sqr Asc

Anger and irritation flare up between you rather quickly now. Beware of taking offense at actions or remarks that really are not intended to hurt you. This can be a rocky time in your relationship because of your contentiousness and unwillingness to give in.

Sep 15, 2006 6 AM(Sep 14, 2006 to Sep 16, 2006)

Ven Sxtil Nep

The emotional and energetic boundaries between the two of you soften, and you merge much more easily now. You are likely to be more understanding, forgiving, compassionate toward one another. Gestures like flowers, or an unselfish offer to relieve the other's burden in some way will be gladly accepted.

Sep 15, 2006 1 PM(Sep 14, 2006 to Sep 16, 2006)

Merc Sqr Asc

Discussions or negotiations between you encounter a bit of friction. Beware of the tendency to overanalyze, over intellectualize, or over scrutinize one another or your situation.

Take a deep breath or two before you speak (to one another, or on behalf of one another) as you are apt to say more than you need to.

Sep 15, 2006 3 PM(Sep 14, 2006 to Sep 16, 2006)

Sun Trine Mars

You energize and invigorate one another, and you are a "dynamic duo" right now. Confidence and a positive spirit runs high in one another's presence. Joint work projects are favored, as is any vigorous play.

Sep 16, 2006 8 AM(Sep 15, 2006 to Sep 17, 2006)

Sun Trine Sat

This is a good time for the two of you to undertake something that involves delaying gratification for some mutual long-range goal, perhaps making a joint financial investment or, if your relationship is new, getting to know one another by doing something very ordinary and mundane, like helping one another with chores or errands. An atmosphere of trustworthiness and stability is created between you.

Sep 16, 2006 9 PM(Sep 16, 2006 to Sep 17, 2006)

Ven Qucnx Merc

A minor social embarrassment or some awkwardness between the two of you occurs now. Someone inadvertently strikes a discordant note. As long as you can laugh at yourselves, you will be fine.

Sep 17, 2006 9 AM(Sep 16, 2006 to Sep 18, 2006)

Ven Qucnx Sun

One of you is more in the mood for romance and affection than the other, or you are both feeling loving but schedules or other commitments interfere. Some kind of embarrassing situation, indiscretion, or inappropriate behavior can mar this time, so be as thoughtful and considerate of one another as possible.

Sep 18, 2006 6 AM(Sep 17, 2006 to Sep 19, 2006)

Sun Sxtil Jup

Expect a stroke of good fortune - such as being supplied with tickets to a concert that was sold out months ago, being offered an opportunity from someone you both respect, or having a bid accepted on a joint purchase you both want very much. This is also a good time for the two of you to circulate, attend social or cultural events, and be with people.

Sep 18, 2006 7 PM(Sep 18, 2006 to Sep 19, 2006)

Ven Oppos MC

Spending quiet time at home together will be full of sweet and fulfilling moments. If you share a living space, take time to create a romantic atmosphere. You may also wish to make your home more comfortable, beautiful, harmonious and appealing.

Sep 20, 2006 8 PM(Sep 20, 2006 to Sep 21, 2006)

Merc Trine Merc

New ideas and stimulating conversation flows. This is also a wonderful time to take a trip together, or at least to plan one.

Sep 21, 2006 6 AM(Sep 20, 2006 to Sep 22, 2006)

Merc Trine Sun

Communication flows freely. You both feel open about expressing your ideas and are willing to hear the other's as well. If you are not physically together, you will want to be calling or visiting one another even more than usual.

Sep 22, 2006 9 AM(Sep 21, 2006 to Sep 23, 2006)

Merc Qucnx MC

You may notice that there is altogether too much thinking going on now. Trying to second guess one another or figure things out, the two of you may be just spinning your wheels. Be discreet now, as there is a tendency to say too much or tell something to the wrong person, which can adversely affect the two of you as a couple.

Sep 23, 2006 1 AM(Sep 22, 2006 to Sep 24, 2006)

Sun Trine Ven

Affection, harmony, and warm feelings flow between you now, and you give one another much pleasure. If you can not be together at this time, you will really miss each other. Sharing social, artistic, or cultural activities will be satisfying. You may create something even "lucky" together.

Sep 24, 2006 12 PM(Sep 23, 2006 to Sep 25, 2006)

Ven Trine Mars

Currents of warmth and magnetic attraction are flowing between you, and you respond lovingly and passionately to one another. Creativity is inspired, too, and you can make something or design something beautiful together. This is a wonderful time just to enjoy one another's presence.

Sep 25, 2006 2 AM(Sep 24, 2006 to Sep 26, 2006)

Ven Trine Sat

Things are on an even keel between you right now. Though not necessarily wildly exciting or the stuff dreams are made of (unless you have some other astrological influence operating), being with one another is comforting, reassuring, stabilizing. Quiet pastimes are favored.

Sep 26, 2006 2 PM(Sep 25, 2006 to Sep 27, 2006)

Ven Sxtil Jup

The two of you are feeling playful and fun-loving together, so just about anything you do will be pleasant. Your good feelings are infectious and other people will want to be around you so it is a good time for company or going out together. A surprise gift from one of you to the other is likely too.

Sep 27, 2006 2 AM(Sep 26, 2006 to Sep 28, 2006)

Merc Sqr Mars

Nerves are edgy and tempers flare. You may feel inordinately irritated by the opinions and ideas expressed by your partner. What seems atrocious now, however, may well seem not worth fighting about later.

A hot game of tennis or some other one-on-one sport would be fine, as long as you leave the game behind

when it is over. Apologize immediately for any rudeness toward one another.

Sep 27, 2006 1 PM(Sep 26, 2006 to Sep 28, 2006)

Merc Sqr Sat

This can be a frustrating and very unsatisfying time, as far as communicating with one another goes. You can totally misread or misunderstand one another. You may be disinterested threatened, or resistant to what the other person is saying, or dislike how they are saying it.

Positively, you could work to solve some difficult problem or engage in some tedious but necessary task together.

Sep 27, 2006 6 PM(Sep 26, 2006 to Sep 28, 2006)

Sun Sqr Asc

Some minor friction is likely now; one or the other of you could be inadvertently selfish or hold on to an ego position. As long as this is not a persistent pattern, not much harm is likely to be done.

Sep 28, 2006 5 AM(Sep 27, 2006 to Sep 29, 2006)

Merc Sxtil Ura

If you are together now, you are not as apt to be focusing on one another as on doing something exciting or out of the ordinary. You will both want to pursue new friends, fresh or unusual ideas, or a different social or cultural scene than you are accustomed to. There is also an increase in the mental telepathy between you.

Sep 28, 2006 8 AM(Sep 26, 2006 to Sep 29, 2006)

Mars Trine Merc

This would be a great time for the two of you to go hiking, backpacking, bicycling or do something else that gets you moving and maybe sweating a bit. You will want to be active. Expect lively conversation and debate as well.

Sep 28, 2006 8 PM(Sep 28, 2006 to Sep 29, 2006)

Merc Sqr Jup

You are apt to have philosophical disagreements and/or to tell tall tales to one another... not lies, just exaggerations!

Sep 29, 2006 7 AM(Sep 27, 2006 to Sep 30, 2006)

Mars Trine Sun

You strengthen and bring out the positive, active, vital energies in one another now. Being together will build your confidence, and you can get a lot done smoothly and with less struggle. You assist one another in taking on a challenge.

Sep 30, 2006 7 AM(Sep 29, 2006 to Oct 1, 2006)

Ven Trine Ven

You are pleasantly at ease and flowing harmoniously together at the moment. You could attract something wonderful into your shared lives at this time - it is your "lucky day". The spirit of Eros, of love, is blessing you in some way.

Oct 2, 2006 12 AM(Sep 30, 2006 to Oct 3, 2006)

Mars Qucnx MC

You are not as prone to disagree about what you both want as how to go about achieving it or doing it. Avoid pushing your own agenda without considering your partner's reservations. Premature or one-sided decisions will have to be redone.

Oct 2, 2006 2 AM(Oct 1, 2006 to Oct 3, 2006)

Merc Sqr Ven

This is a favorable time to discuss matters of the heart -what you both want, need, wish for, long for, delighting. You are flirtatious and playful, also.

Oct 4, 2006 12 AM(Oct 3, 2006 to Oct 5, 2006)

Ven Sqr Asc

The urge to please and cooperate, as well as genuine affection for one another, make this a harmonious time for the two of you. You charm one another and simply enjoy one another's company at the moment.

Oct 5, 2006 12 PM(Oct 4, 2006 to Oct 6, 2006)

Merc Trine Asc

Communication flows easily. Any negotiations or joint business dealings you are involved in also proceed well. Pay attention! You will be getting some pertinent information from or about one another right now.

Oct 6, 2006 1 PM(Oct 5, 2006 to Oct 7, 2006)

Sun Trine Merc

You flow together rather easily now, especially on a mental or intellectual level. This is a good time for you to talk, air things out, further your understanding of one another's ideas and beliefs. Going for a drive, to a movie, or on some other short outing is favored also.

Oct 7, 2006 4 AM(Oct 6, 2006 to Oct 8, 2006)

Sun Trine Sun

This is a period of balance, equilibrium, and flow between you, and thus a favorable time for any joint endeavor or to just enjoy being together. Paying attention to what is good about one another and the relationship, perhaps giving a gift or some other form of love and recognition to your partner, will build a fund of goodwill and good feelings to draw upon during times of trouble. You are "lucky" together right now.

Oct 7, 2006 10 AM(Oct 6, 2006 to Oct 8, 2006)

Merc Sxtil Moon

This is a good time to introduce one another to old friends or to your family, to plan a trip home, or to share personal memories and stories with one another. You understand and sympathize with one another and can gain a new clarity about each other's emotional make up.

Oct 8, 2006 4 AM(Oct 7, 2006 to Oct 9, 2006)

Merc Sxtil Plu

The two of you play spy, detective, private investigator. You may find something lost, inadvertently uncover a secret, or get some inside information. A friend comes to you with a problem that requires discretion.

Oct 9, 2006 12 AM(Oct 7, 2006 to Oct 9, 2006)

Sun Qucnx MC

This could be a tense or awkward time if one of you wants to know where your relationship is headed and the other is unable to be definite. Even if you are in a very solid relationship with one another, you are still apt to be out of step with one another now. You may just be focusing on different things at the moment.

Oct 10, 2006 5 PM(Oct 9, 2006 to Oct 11, 2006)

Merc Conj Nep

Communication about practical, concrete matters is apt to be vague, unclear, inexact, or misunderstood. This is definitely not a time to make a major purchase or sign a lease together. On the positive side, however, you can freely express to one another your thoughts on philosophy, or your inner lives.

Make room for fantasy, poetry, wonder, and enchantment.

Oct 10, 2006 10 PM(Oct 10, 2006 to Oct 11, 2006)

Ven Trine Merc

This is the time to send one of those lusciously romantic or sentimental cards. Even better, write a love letter or song for your partner. At this time your relationship is enhanced through WORDS artfully or heartfully expressed. Speak or write about your appreciation, admiration, passion, or affection for one another.

Oct 11, 2006 11 AM(Oct 10, 2006 to Oct 12, 2006)

Ven Trine Sun

Love is flowing and romance flourishes. Whatever you do together now will be beautiful, and beautifully received. If you have been neglecting each other or have some hurt feelings between you, this can be a day to bring love back into your relationship.

Oct 12, 2006 9 AM(Oct 11, 2006 to Oct 13, 2006)

Merc Sqr Merc

Your communication with each other takes on the quality of a ping-pong match: quick, lively, but not necessarily purposeful. You may spat about trivial matters, or go on and on about very little.

You may enjoy word games, playing cards, or similar activities now. Intellectual and mental energies are stimulated.

Oct 12, 2006 5 PM(Oct 11, 2006 to Oct 14, 2006)

Mars Sqr Mars

Now is a time to see how the two of you handle conflict, because this is a period of friction and potentially explosive tension between you. Ego and competitive energies run high. What you could ignore or overlook in other times may irritate you tremendously now. Even if the two of you do not feel like fighting with one another, there may be anger over circumstances that neither of you can control.

Oct 12, 2006 9 PM(Oct 12, 2006 to Oct 13, 2006)

Ven Qucnx MC

Work or financial concerns may interfere with pleasure and you may not be able to spend as much time together as you would like to. Although this can be a frustrating, minor sacrifices now seem to be called for.

Oct 12, 2006 11 PM(Oct 12, 2006 to Oct 13, 2006)

Merc Sqr Sun

There is a sort of busy, quick, restless quality in the atmosphere between you now, and you could even get on one another's nerves a bit. Or, it could be mentally stimulating and fun, if a bit frenetic. It is not the best time to bring up a touchy subject, however, as you have a tendency to overstate yourselves or blurt out something you might regret.

Oct 13, 2006 6 PM(Oct 12, 2006 to Oct 15, 2006)

Mars Sqr Sat

You are rather tough on each other now, perhaps without intending to be. Each of you is more touchy, defensive or insecure, so skirmishes can erupt over seemingly trivial issues. Seeing the absurdity of your own reactions, and perhaps taking a little space can help.

Oct 14, 2006 1 PM(Oct 13, 2006 to Oct 15, 2006)

Merc Trine MC

This is a good time to gather information about joint projects and plans, and to make contacts. Any business dealings or legal matters that involve both of you go well now, also.

Oct 14, 2006 (Oct 3, 2006 to Oct 27, 2006)

Sat Qucnx Mars

The two of you feel held back, thwarted, or prevented from doing exactly what you want right now. Something just is not flowing. Whether this is due to outside circumstances, or your own doubts, or both, this is not a time to press forward. Repair what is not working, make adjustments, and preparations. Accidents could occur when you are together so be especially attentive to what you are doing.

Oct 15, 2006 5 AM(Oct 13, 2006 to Oct 16, 2006)

Mars Sxtil Ura

If one of you is usually "old reliable" or resistant to trying new things, this is an excellent time to experiment with another way of being. You will want to break out of routines and staleness, and do something different, spontaneous, high-energy. You arouse each other to take action and make changes.

Oct 16, 2006 4 AM(Oct 15, 2006 to Oct 17, 2006)

Sun Sqr Mars

You aggravate one another for no particular reason, and conflicts may erupt over rather minor issues. This is especially true if one or the other has the tendency to dominate or try to tell the other what to do or how to do it. Pushiness will back fire now. As long as the two of you are not cooped up together -say on a long car ride or in a small office space - battles can be avoided, if you give one another plenty of breathing room.

Oct 16, 2006 1 PM(Oct 15, 2006 to Oct 18, 2006)

Mars Sqr Jup

The two of you may be over-estimating yourselves, over reacting, or tempted to take on a bigger challenge than you are actually prepared for. You tend to be "full of yourselves". Beware of becoming sloppy or thinking the law somehow does not apply to you.

Oct 16, 2006 9 PM(Oct 15, 2006 to Oct 17, 2006)

Sun Sqr Sat

This is a time when the demands, needs, or desires of one of you can feel restrictive or like too much of a sacrifice of personal time and energy to the other. A withdrawal, temporary separation, or reordering of priorities is likely. Beware of becoming paternalistic, burdening one another, or having expectations of one another that are not mutually agreed upon.

Oct 17, 2006 8 PM(Oct 16, 2006 to Oct 18, 2006)

Sun Sxtil Ura

Something new, unexpected, surprising, or unusual adds sparkle to your relationship now. The atmosphere between you is lively, spontaneous, open to novelty and discovery.

Oct 18, 2006 1 PM(Oct 17, 2006 to Oct 19, 2006)

Ven Sqr Mars

Tensions in the sexual aspect of your relationship - perhaps due to differing interests, desires, preferences, or love styles - can cause some friction now. Most likely one of you is more ready than the other. Trying to balance the satisfaction of your own desires versus pleasing your partner is at issue here.

Oct 18, 2006 6 PM(Oct 17, 2006 to Oct 19, 2006)

Sun Sqr Jup

You dream big dreams together right now, which may make you inspired for the future - or restless and discontented with your current circumstances. This is an excellent time to vacation together, especially in some far-off place. However, beware of any tendencies toward extravagance or gambling which the two of you will have to pay for later.

Oct 19, 2006 2 AM(Oct 18, 2006 to Oct 20, 2006)

Ven Sqr Sat

You may be having some serious reservations about this relationship right now, perhaps because you are focusing on the lacks, flaws and least pleasing aspects of one another. Your mutual fears, insecurities and barriers to love and intimacy are up right now. Although unpleasant, it would be wise to take responsibility for your unhappiness rather than conveniently blaming the other. Temporarily pulling back and having some solitude may not be a bad idea.

Oct 19, 2006 9 PM(Oct 19, 2006 to Oct 20, 2006)

Ven Sxtil Ura

The two of you could start up a relationship with some new people. Follow your spontaneous impulses as they will lead you to new pleasures and vitality for your relationship. Music and movement play a role.

Oct 20, 2006 2 PM(Oct 19, 2006 to Oct 21, 2006)

Ven Sqr Jup

You put each other in the mood for a good time. Together the two of you are inclined to foolishly overdo or splurge on something you can't really afford. A mutual friend in need may be the beneficiary of your generosity but beware of lending, giving, or promising more than you should. You may want to give extravagantly to one another too.

Oct 21, 2006 (Oct 16, 2006 to Oct 26, 2006)

Jup Sxtil Mars

Your energies blend in such a way to enhance, encourage, and fortify one another. You will want to be doing something or actively engaged when you are together, not just talking or "hanging out".

This is a good time to seek the support of someone who may be in a position to aid the two of you in your mutual aspirations and desires. Others are very willing to help you, all you have to do is reach out and make contact.

Oct 22, 2006 8 AM(Oct 20, 2006 to Oct 23, 2006)

Merc Sxtil Mars

This is a good time to plan a joint work project, or to do something together that requires both brain and muscle. You are an effective team right now.

Oct 23, 2006 (Oct 11, 2006 to Nov 7, 2006)

Sat Qucnx Sat

Inhibitions or insecurities that make themselves felt as a sort of subtle undercurrent need to be addressed so that they do not become sources of real difficulty later on in your relationship. If something the other person does or says distresses you, do not sweep it under the rug!

Oct 23, 2006 10 AM(Oct 21, 2006 to Oct 25, 2006)

Merc Sxtil Sat

This is a good time to air your concerns or minor grievances with one another, or to talk about changes you would like to make to improve your relationship. How money is spent, who pays for what, how much time you want to devote to being together, changing living arrangements, or other practical matters are likely to be emphasized now.

Oct 23, 2006 10 AM(Oct 22, 2006 to Oct 24, 2006)

Sun Sqr Ven

Although you may really want to be together or relax and enjoy yourselves right now, some sort of obstacle temporarily hinders this. Also beware of excesses and indulging yourselves in too much of a good thing.

Oct 23, 2006 12 PM(Oct 22, 2006 to Oct 24, 2006)

Mars Sqr Ven

One of you may feel more passionate and amorous than the other, or seem to be more interested in self-gratification than in relating sensitively and lovingly. This can lead to conflict in or out of the bedroom. If handled with care, however, romance will flourish.

Oct 24, 2006 7 AM(Oct 23, 2006 to Oct 25, 2006)

Ven Sqr Ven

Disagreements about personal tastes and styles, some lack of consideration or thoughtfulness, or one of you wanting more attention and affection will lead to... kissing and making up! Or, it will lead to an awareness that you need to be doing things differently to please one another as well as yourselves.

Oct 24, 2006 (Oct 20, 2006 to Oct 29, 2006)

Jup Sxtil Sat

Aid from elders, mentors, or teachers can benefit the two of you now. This is a good time to consult with an expert, planner, or counselor to help you with anything the two of you want to do.

Oct 25, 2006 10 AM(Oct 23, 2006 to Nov 2, 2006)

Merc Sqr Ura

You stimulate, excite, and/or irritate one another intellectually now. Unexpected differences of opinion may arise which lead to a sudden change of plans or the reversal of an agreement you thought was certain. This is a brief fluctuation, however, so try to ride it through. Also, you both tend to thoughtlessly blurt things out which you may feel foolish about later.

Oct 28, 2006 12 AM(Oct 27, 2006 to Oct 28, 2006)

Ven Trine Asc

Harmony, ease, and a desire to cooperate set the tone. You put one another in an agreeable and affectionate mood, and anything you do together works out well.

Oct 28, 2006 1 AM(Oct 27, 2006 to Oct 29, 2006)

Sun Trine Asc

This is a "green light" period for the two of you, and together you can do just about anything you want. You vitalize one another's playful and spirited qualities. You may feel like showing off a bit, as a twosome.

Oct 28, 2006 12 PM(Oct 25, 2006 to Nov 1, 2006)

merc trine jup

This is a wonderful time to travel together or to make plans to do so. Being with one another right now encourages you both to be more optimistic, forward-looking, and broad in your thinking. You help each other see the Big Picture.

Oct 29, 2006 (Oct 24, 2006 to Nov 3, 2006)

Jup Sqr Ura

There is a move toward more freedom, spontaneity, and positive change in and around the two of you now. Elements of synchronicity, uncanny coincidences, or unexpected opportunity and "luck" increase. Whatever occurs is apt to be rather different than you would have imagined or predicted!

Oct 30, 2006 12 AM(Oct 29, 2006 to Oct 31, 2006)

Ven Sxtil Moon

It is family time, and being with young ones is favored. You may want to "adopt" others' youngsters for the day if you do not have any of your own. Or you may want to spend some time with a beloved pet. Visits with relatives go very smoothly also.

Oct 30, 2006 8 AM(Oct 28, 2006 to Oct 31, 2006)

Mars Trine Asc

The two of you make a definite impact on your environment right now. You come across as a vital, confident and strong team, so others are apt to yield to you or at least take you into account. You will generate more energy together than either of you would individually at the moment.

Oct 30, 2006 2 PM(Oct 29, 2006 to Oct 31, 2006)

Sun Sxtil Moon

This is a good time for the two of you to join friends or relatives in their homes, or to invite others to yours. You are in sync with one another and cooperate easily without a lot needing to be said. If children are a part of your life, they will bring something valuable into the scene.

Oct 30, 2006 7 PM(Oct 29, 2006 to Oct 31, 2006)

Ven Sxtil Plu

There is a magical attractiveness or feeling of "fate" between the two of you now. Lovemaking or any exchange between you is intense and potentially rejuvenating for your relationship.

Oct 31, 2006 2 PM(Oct 30, 2006 to Nov 1, 2006)

Sun Sxtil Plu

You are drawn to the mystery or secret depths of one another now. You may discover something about your partner you only glimpsed before. This can be a revitalizing time for the two of you. Certainly it will not be a superficial encounter.

Nov 1, 2006 1 AM(Oct 23, 2006 to Nov 2, 2006)

Merc Sqr Ura

This astrological influence (Merc Sqr Ura) also occurred on Oct 25, 2006 (peak date). Please refer to this date.

Nov 2, 2006 7 AM(Nov 1, 2006 to Nov 3, 2006)

Ven Conj Nep

You can see the "angel" or soul of one another now, and your hearts open to each other in sympathy, compassion, or spiritual appreciation. The feeling between you is tender and sweet, not particularly passionate or earthy. Nevertheless, a romantic atmosphere - candles, music, pleasurable scents can lead to enchanting evenings.

Nov 2, 2006 (Oct 28, 2006 to Nov 7, 2006)

Jup Trine Jup

This is a period of positive well being in your relationship, during which the two of you can move ahead on any mutual aspirations or projects that you have. At the least, you should be feeling satisfied and relaxed, and/or optimistic about your prospects as a couple.

If you pay close attention you will begin to notice how much good fortune is flowing your way now. You are "lucky" together: doors open, people who can help you tremendously come into your lives, healing occurs. Any sense of struggle or ongoing difficulty will be eased. Right now, watch out for any tendency to take your blessings for granted, to rest on your laurels, or to not take full advantage of the opportunities that are there for the two of you. This is also a great time to travel to some inspiring place, for education or pleasure.

Nov 2, 2006 2 PM(Oct 31, 2006 to Nov 3, 2006)

Merc Sxtil Sat

This astrological influence (Merc Sxtil Sat) also occurred on Oct 23, 2006 (peak date). Please refer to this date.

Nov 3, 2006 11 AM(Nov 2, 2006 to Nov 4, 2006)

Merc Sxtil Mars

Nov 3, 2006 4 PM(Nov 2, 2006 to Nov 4, 2006)

Sun Conj Nep

Rigid boundaries soften and may disappear altogether between the two of you. You are more psychically sensitive and compassionate toward one another. You are on a high together. If either, or both, of you has problems with alcohol, drugs, or escapism, this could be detrimental. Beware of indulging. Otherwise, let your imagination and fantasies play.

Nov 3, 2006 9 PM(Nov 3, 2006 to Nov 4, 2006)

Ven Sqr Merc

You seek out amusement or entertainment that is just fun and which does not demand much of you intellectually or emotionally. You also enjoy flirting or teasing one another in a friendly way. Some of these "jokes" or playful remarks contain quite a bit of truth about your thoughts and feelings towards each other, but you sweeten them with humor and affection.

Nov 4, 2006 9 AM(Nov 3, 2006 to Nov 5, 2006)

Ven Sqr Sun

This is a time of lighthearted pleasure and you encourage one another to relax, feel good, maybe a bit self-indulgent. Romance flourishes.

Nov 4, 2006 11 AM(Nov 3, 2006 to Nov 5, 2006)

Mars Sxtil Plu

If you share any work or projects you can be extraordinarily productive together now. You also spur one another on to some creative accomplishments as individuals.

Nov 5, 2006 5 PM(Nov 4, 2006 to Nov 6, 2006)

Sun Sqr Merc

Expect lively conversation, which can lead to bickering or arguing for the sake of an argument. You may get on one another's nerves a bit, or simply be unreceptive to what the other person is trying to convey. A short trip will be fun as long as you do not disagree on who should do the driving.

Nov 5, 2006 8 PM(Nov 5, 2006 to Nov 6, 2006)

Ven Trine MC

This is a good time to relax together. Hard work and ambitious projects may well be put aside for now. No matter what you do together at the moment, though, it is likely to go very well.

Nov 6, 2006 8 AM(Nov 5, 2006 to Nov 7, 2006)

Sun Sqr Sun

Even if your relationship is basically sound, a challenge or crisis is apt to occur around this time. Your basic differences come out now, and can cause a sense of separateness or conflict. If you are harmonious most of the time, this will be relatively minor.

Nov 7, 2006 (Oct 22, 2006 to Jan 20, 2007)

Sat Conj Ura

During this period, there is some tension between you. Perhaps one of you wants more security and has definite expectations, while the other pulls toward being spontaneous and following the impulse of the moment. Or, both of you may want more freedom and feel restricted by your lives or by one another. Try to strike a reasonable balance between order and chaos, planning and spontaneity, certainty and freedom.

Nov 8, 2006 3 AM(Nov 7, 2006 to Nov 9, 2006)

Sun Trine MC

This is a time for clarifying or affirming your mutual long-range goals and the direction you see yourselves headed together. Happy and useful plans can be made now.

Nov 9, 2006 1 AM(Nov 7, 2006 to Nov 10, 2006)

Mars Conj Nep

You two can make magic together right now. You activate each other's imaginations and fantasies, and the desire to physically express or embody this in some way is strong. This can make for some interesting times, sexually speaking, and it may well manifest in other ways also. The focus is on acting on or living out a dream, wish, fantasy, image. The only caution might be to consciously recognize what you are doing, and not to intentionally mislead or string the other person along.

Nov 9, 2006 12 PM(Nov 8, 2006 to Nov 10, 2006)

Merc Trine MC

This is a good time to gather information about joint projects and plans, and to make contacts. Any business dealings or legal matters that involve both of you go well now, also.

Nov 10, 2006 (Sep 26, 2006 to Dec 9, 2006)

Plu Qucnx Jup

Some trouble with bureaucracy, governmental regulations, laws, or authority can happen when the two of you join forces now. Beware of over-extending yourselves or ignoring precautions.

Nov 10, 2006 10 PM(Nov 10, 2006 to Nov 11, 2006)

Merc Sqr Sun

There is a sort of busy, quick, restless quality in the atmosphere between you now, and you could even get on one another's nerves a bit. Or, it could be mentally stimulating and fun, if a bit frenetic. It is not the best time to bring up a touchy subject, however, as you have a tendency to overstate yourselves or blurt out something you might regret.

Nov 11, 2006 11 AM(Nov 10, 2006 to Nov 12, 2006)

Ven Sxtil Mars

You are attuned to one another romantically and sexually, and you seem to know just what would please and delight one another. Even if you are not lovers, there is a flow of warmth and pleasure between you so that you enjoy being together.

Nov 11, 2006 11 AM(Nov 10, 2006 to Nov 12, 2006)

Merc Sqr Merc

Your communication with each other takes on the quality of a ping-pong match: quick, lively, but not necessarily purposeful. You may spat about trivial matters, or go on and on about very little.

You may enjoy word games, playing cards, or similar activities now. Intellectual and mental energies are stimulated.

Nov 12, 2006 12 AM(Nov 10, 2006 to Nov 13, 2006)

Mars Sqr Merc

Arguments and disputes break out rather quickly now. You may feel you must either bite your tongue or lash out verbally. Be careful, though, because sharp words now could leave scars.

Nov 12, 2006 1 AM(Nov 11, 2006 to Nov 13, 2006)

Ven Sxtil Sat

You get an opportunity to show loyalty, dependability, and that you want to be there for one another in foul weather as well as fair. It may seem like not much is happening, a humdrum kind of time. Can you enjoy each other even when there are no fireworks?

Nov 12, 2006 7 PM(Nov 12, 2006 to Nov 13, 2006)

Ven Sqr Ura

A restless mood and a yearning for something different comes over the two of you. Perhaps you will want to do something you have not done in a long time, like going roller-skating, or dancing, or to see an erotic film. If you are both open and willing to experiment, you have some exiting, even thrilling, moments.

Nov 12, 2006 10 PM(Nov 11, 2006 to Nov 14, 2006)

Mars Sqr Sun

Impatience, irritability and anger flare up between you quite readily now. If one of you makes the other wait or insists upon doing something the other really does not want to do, expect trouble. Even if you usually go along just to please your partner, now, you will protest. If your relationship is tempestuous even in the best of times, you could battle ferociously now.

Nov 13, 2006 11 AM(Nov 12, 2006 to Nov 14, 2006)

Merc Conj Nep

Communication about practical, concrete matters is apt to be vague, unclear, inexact, or misunderstood. This is definitely not a time to make a major purchase or sign a lease together. On the positive side, however, you can freely express to one another your thoughts on philosophy, or your inner lives.

Make room for fantasy, poetry, wonder, and enchantment.

Nov 13, 2006 12 PM(Nov 12, 2006 to Nov 14, 2006)

Ven Trine Jup

Let the good times roll! The two of you put one another -and those around you as well -into an upbeat, exuberant, expansive frame of mind. All you really want to do when you are together now is to play or relax. Festive events and social gatherings are favored; work or serious matters are put on the back burner.

Nov 15, 2006 4 AM(Nov 14, 2006 to Nov 16, 2006)

Sun Sxtil Mars

You can accomplish a lot together right now. Hard work or strenuous physical play is favored. Being together puts both of you in a self-assertive mood, but not so much that you run over each other's desires or feelings. Actually you will be a strong force together at this time.

Nov 15, 2006 12 PM(Nov 14, 2006 to Nov 16, 2006)

Mars Trine MC

The two of you can accomplish just about anything you attempt together right now. Your energies are flowing together, reinforcing one another, giving one another confidence. You will probably want to be doing something active together; spectator sports are not your cup of tea at the moment.

Nov 15, 2006 9 PM(Nov 14, 2006 to Nov 16, 2006)

Sun Sxtil Sat

An atmosphere of clarity, realism, and objectivity exists between you right now. If there are problems that the two of you have been struggling with or avoiding, this is a good time to put things in order. Just working quietly together would be gratifying at present.

Nov 16, 2006 8 PM(Nov 15, 2006 to Nov 17, 2006)

Sun Sqr Ura

Excitement, surprises, or an unusual turn of events color your relationship now. Routines may be upset or plans go awry. You also seem to bring out the untamed side of one another, and one or the other of you may "act out" in an impulsive or reckless urge for freedom.

Nov 17, 2006 5 AM(Nov 16, 2006 to Nov 18, 2006)

Ven Sxtil Ven

You are unusually friendly, open, and agreeable as a couple now. Social gatherings, meeting people, and joining with friends or would-be friends are favored. The feelings between the two of you are sweet as well.

Nov 17, 2006 5 PM(Nov 16, 2006 to Nov 18, 2006)

Sun Trine Jup

This is a very positive time between the two of you. Shared optimism, enthusiasm, and an overall sense of well-being permeate your relationship. You are apt to be extraordinarily lucky together right now.

Adventures, important and beneficial encounters, and serendipitous events are very likely. It is also a good time to expand and invest in your relationship - for example, make a major purchase together.

Nov 20, 2006 10 PM(Nov 20, 2006 to Nov 21, 2006)

Ven Qucnx Asc

Humor and lightheartedness ease tension or some awkward moments. Things do not go as hoped for, but laughter is the tone of the day.

Nov 22, 2006 8 AM(Nov 21, 2006 to Nov 23, 2006)

Sun Sxtil Ven

Conviviality is featured now. This is a great time to spend just relaxing or having fun together, and you will want to include other friends or loved ones as well.

Affection flows freely. This is also a favorable time to work out differences or difficulties you have been having, as a spirit of cooperation permeates your interactions with one another at present.

Nov 22, 2006 10 PM(Nov 22, 2006 to Nov 23, 2006)

Nov 23, 2006 (Nov 19, 2006 to Nov 28, 2006)

Jup Sxtil Ven

Happiness with each other and with friends colors this time period. However, you may also tend to take what you have for granted, or believe it's your right, or that it will go on forever. If you express appreciation and gratitude toward one another and all the goodness you enjoy, you will draw even more into your life.

Nov 23, 2006 5 PM(Nov 22, 2006 to Nov 24, 2006)

Ven Sqr Plu

Forces within both of you which sabotage the closeness you could be experiencing come to the fore. You may touch upon some long standing or "hidden" problems which you have tried to ignore. If one or the other feels dominated or controlled, unloved or unappreciated - all of this may come up now. Passions and deep feelings of all kinds are intensified between you now.

Nov 26, 2006 5 PM(Nov 25, 2006 to Nov 28, 2006)

Mars Sxtil Sat

This is not a particularly glamorous or extraordinary time and could pass unnoticed, but it would be an excellent time to begin some regular regimen together, such as walking or running for fitness and for pleasure. Helping each other out with some chore is favored also.

Nov 26, 2006 10 PM(Nov 25, 2006 to Nov 27, 2006)

Sun Qucnx Asc

There is some subtle awkwardness between you now - nothing terrible, just a feeling of being out of step with one another. You could spend half of a day trying to decide upon a mutually satisfactory course of action. Humor and an appreciation for the absurd can be helpful at present.

Nov 27, 2006 1 PM(Nov 26, 2006 to Nov 28, 2006)

Merc Trine MC

This is a good time to gather information about joint projects and plans, and to make contacts. Any business dealings or legal matters that involve both of you go well now, also.

Nov 27, 2006 7 PM(Nov 26, 2006 to Nov 28, 2006)

Ven Sxtil Merc

You are in a lighthearted social mood together. Meeting with friends, or perhaps going out to the theater or anywhere you can contract pleasantly with other people is favored. Overall, the energy between you is agreeable, friendly and good humored.

Nov 28, 2006 3 AM(Nov 26, 2006 to Nov 29, 2006)

Mars Sqr Ura

A spirit of recklessness, wild adventurousness, even dare-devilishness comes over the two of you. One or both of you experiences a sudden impulse to do something totally different or to make some radical change. Give each other plenty of space and breathing room right now. You will operate best in an atmosphere of total freedom at the moment.

Nov 28, 2006 7 AM(Nov 27, 2006 to Nov 29, 2006)

Ven Sxtil Sun

You are feeling sociable and festive together now. Spend time with people you enjoy or attend a cultural event together. In general, you are getting along beautifully now.

Nov 29, 2006 9 AM(Nov 27, 2006 to Nov 30, 2006)

Mars Trine Jup

You have an encouraging, strengthening, and beneficial affect on one another now. If you enjoy sports or outdoor activities together, this is an excellent time.

Nov 29, 2006 9 AM(Nov 28, 2006 to Nov 30, 2006)

Sun Sqr Moon

There is a definite tendency for one of you to unwittingly override the other's feelings, wishes, or unspoken needs, which can cause some tension between you. You may be somewhat at odds or out of touch with one another. However, if both of you will take responsibility for voicing your wishes, even if they seem rather childish or needy, your time together can be intimate and satisfying.

Nov 29, 2006 5 PM(Nov 28, 2006 to Nov 30, 2006)

Ven Sqr MC

You will definitely want to be together now, and you will miss each other if apart. You will be focusing on your relationship too and considering ways to improve it or make things go better. Gifts of affection - like flowers sent to the office or something else you know would delight the other - are happily received now.

Nov 30, 2006 9 AM(Nov 29, 2006 to Dec 1, 2006)

Sun Sqr Plu

There may be a "heavy" or intense encounter between the two of you at this time, or between the both of you and someone or something in your environment. You may see clearly something which has been operating subliminally or beneath the surface in your relationship. On a very practical, material level there may be breakdowns of machinery, or of something else that has been needing repair for some time.

Dec 3, 2006 3 AM(Dec 2, 2006 to Dec 4, 2006)

Merc Sxtil Mars

This is a good time to plan a joint work project, or to do something together that requires both brain and muscle. You are an effective team right now.

Dec 3, 2006 2 PM(Dec 2, 2006 to Dec 4, 2006)

Merc Sxtil Sat

This is a good time to air your concerns or minor grievances with one another, or to talk about changes you would like to make to improve your relationship. How money is spent, who pays for what, how much time you want to devote to being together, changing living arrangements, or other practical matters are likely to be emphasized now.

Dec 4, 2006 7 AM(Dec 3, 2006 to Dec 5, 2006)

Merc Sqr Ura

You stimulate, excite, and/or irritate one another intellectually now. Unexpected differences of opinion may arise which lead to a sudden change of plans or the reversal of an agreement you thought was certain. This is a brief fluctuation, however, so try to ride it through. Also, you both tend to thoughtlessly blurt things out which you may feel foolish about later.

Dec 4, 2006 10 PM(Dec 4, 2006 to Dec 5, 2006)

Merc Trine Jup

This is a wonderful time to travel together or to make plans to do so. Being with one another right now encourages you both to be more optimistic, forward-looking, and broad in your thinking. You help each other see the Big Picture.

Dec 5, 2006 10 AM(Dec 4, 2006 to Dec 6, 2006)

Sun Sxtil Merc

If the two of you need to attend to any business matters, commercial negotiations, or joint projects, this is a good time. Communications are favored.

Dec 6, 2006 12 AM(Dec 4, 2006 to Dec 7, 2006)

Mars Sxtil Ven

Social gatherings and parties will be delightful if you two go as a couple. You feel good, warm, rather flirtatious together. Any shared artistic or creative projects are favored at this time as well.

Dec 6, 2006 1 AM(Dec 5, 2006 to Dec 7, 2006)

Sun Sxtil Sun

This is a good time for the two of you to be social together. Accept invitations, or extend them, join friends, neighbors or other groups you enjoy. If you are working together on a project, that too will go well. Cooperation and mutual encouragement are the tone of this time period.

Ven Trine Ura

Spontaneous playfulness, singing, dancing, or lovemaking adds zest to your time together. Music and movement open you up. Your rhythms are in harmony.

Dec 7, 2006 10 AM(Dec 6, 2006 to Dec 8, 2006)

Ven Qucnx Jup

You bring out in one another tendencies toward excessive spending, partying, or consuming. Too much of a good thing can cause mutual regret later.

Dec 7, 2006 7 PM(Dec 6, 2006 to Dec 8, 2006)

Sun Sqr MC

The two of you are apt to be wrapped up in one another, and somewhat oblivious to the rest of the world right now. This is a good time to air out any problems you have been having, and to "set the record straight".

Dec 8, 2006 3 AM(Dec 7, 2006 to Dec 9, 2006)

Merc Sxtil Ven

This is a pleasant, lighthearted time. Save the heavy subjects or deep emotional discussions for another day. Socializing, visiting friends, going shopping for fun, or some other bit of frivolity would be just right.

Dec 11, 2006 6 AM(Dec 10, 2006 to Dec 12, 2006)

Merc Qucnx Asc

There is a tendency to say too much, run on about nothing, or say the wrong thing. While not a catastrophe, be gracious and apologize for your faux pas. You tend to get on one another's nerves a bit.

Dec 12, 2006 1 PM(Dec 11, 2006 to Dec 13, 2006)

Mars Qucnx Asc

Together you are somewhat accident-prone right now, especially when speeding, rushing, or being irritable. No direct outlet for your tensions may exist; avoid blaming one another. Being indirect about what you want can contribute to tensions between the two of you.

Dec 12, 2006 11 PM(Dec 12, 2006 to Dec 13, 2006)

Merc Sqr Moon

Words are backed up with a lot of emotion and feeling. This can be a good time to ventilate and air out some unspoken wishes, needs, or feelings. Recognize that you are talking about feelings and emotional realities, not necessarily facts. You could have a dispute over differing memories or interpretations of the same event.

Dec 13, 2006 2 PM(Dec 12, 2006 to Dec 14, 2006)

Merc Sqr Plu

This is a time to have a conversation about something you have both avoided in the past. One of you may confront the other with unsuspected grievances, acute but unwelcome observations, or some problem that has been brewing for some time. Even if somewhat difficult or heavy, your interaction can deepen your understanding and knowledge of one another tremendously.

Dec 14, 2006 (Dec 9, 2006 to Dec 19, 2006)

Jup Qucnx Asc

The two of you may seem to others to be lacking in good judgment, humility, or discretion. If you receive any feedback along these lines, take heed, in order to avoid blunders.

Dec 14, 2006 7 PM(Dec 14, 2006 to Dec 15, 2006)

Ven Oppos Asc

There is great harmony, pleasure and sweetness between you at this time and if you wanted to plan an important even - a special date, a vacation for just the two of you, or even a wedding - now would be ideal. This is a very favorable time for you as a couple. You will really want to be together, you feel like you belong together right now.

Dec 16, 2006 2 AM(Dec 14, 2006 to Dec 17, 2006)

Mars Sqr Moon

Impatience, irritability and hot fiery emotions fly between the two of you now. You may flare up at one another on what appears to be very minor provocation. Beware of indulging this tendency. You are probably not angry for the reason you think you are, and there may be a childishness or irritability to your bickering that will embarrass you later.

Dec 16, 2006 10 AM(Dec 15, 2006 to Dec 17, 2006)

Sun Trine Ura

Excitement is in the air between you. Together you enjoy experimenting, inventing something new, varying your routine. Even if you have not been together long enough to have established a routine or set patterns, you will enjoy expressing your eccentric, impulsive, or adventurous sides with one another.

Dec 16, 2006 8 PM(Dec 16, 2006 to Dec 17, 2006)

Ven Trine Moon

You make sweet music together now. Emotional understanding, harmony, and cooperation flow between you, and anything you do together will work out splendidly. Parties and all sorts of festive events are favored, especially if they happen at home.

Dec 16, 2006 11 PM(Dec 16, 2006 to Dec 17, 2006)

Merc Sxtil Merc

There is mental and intellectual compatibility between you now. Even if you usually disagree on any number of topics, you will find areas of harmony and agreement. Thus it is a good time for discussion, or just being together. Friends come into the picture as well.

Dec 17, 2006 7 AM(Dec 16, 2006 to Dec 18, 2006)

Sun Qucnx Jup

The two of you experience some minor inconveniences or injustices. At worst, you could have a run-in with the law over something you overlooked or were lazy about doing. This time may pass with no perceivable effects, however, as long as you do not get sloppy. There is also a tendency to take one another and the good of your relationship for granted right now.

Dec 17, 2006 9 AM(Dec 16, 2006 to Dec 18, 2006)

Merc Sxtil Sun

There is a good flow of ideas and conversation now, and you certainly will not be bored as being in one another's presence stimulates you intellectually and mentally. The emphasis is on curiosity, exchanging thoughts, clarity, and understanding.

Dec 17, 2006 11 AM(Dec 16, 2006 to Dec 18, 2006)

Mars Sqr Plu

If there is any underlying rivalry, hidden anger, or resentment toward one another for any reason, it will surface now to be dealt with. If this has been going on unacknowledged for some time, a fierce battle could erupt. Even if none of these dynamics exists in your relationship, beware of domineering attitudes now; any attempt to force your desire against your partner's will spells TROUBLE!

Dec 17, 2006 2 PM(Dec 16, 2006 to Dec 18, 2006)

Ven Trine Plu

The two of you can experience the magical, transforming power of love, if you are willing to really be vulnerable and open with one another now. Sexual and emotional healing through deep contact, deep acceptance, and your love for one another can occur. Share the longings you have had, the secret wishes and desires, and the losses you still carry. Superficial relating is not on the agenda now.

Dec 18, 2006 1 PM(Dec 17, 2006 to Dec 19, 2006)

Merc Sqr MC

Right now both of you tend to say more than is necessary. If you have plans for the day, make sure you do not fritter away the time discussing your various options or negotiating over trivialities. Nit picking over details can create tense moments.

Dec 20, 2006 2 AM(Dec 19, 2006 to Dec 21, 2006)

Ven Sxtil Nep

The emotional and energetic boundaries between the two of you soften, and you merge much more easily now. You are likely to be more understanding, forgiving, compassionate toward one another. Gestures like flowers, or an unselfish offer to relieve the other's burden in some way will be gladly accepted.

Dec 23, 2006 3 PM(Dec 22, 2006 to Dec 24, 2006)

Ven Sxtil MC

You are fortunate together at the moment, and no matter what you do it is likely to work out very well. A spirit of friendliness, agreeableness, and harmony with others infuses your relationship and you make a good impression as a couple.

Dec 24, 2006 5 AM(Dec 23, 2006 to Dec 25, 2006)

Merc Trine Ura

The tone is brisk, and intellectually stimulating. Lots of fresh, original ideas are flowing between you now, and you may want to write down some of these inspirations for later evaluation.

Dec 24, 2006 4 PM(Dec 23, 2006 to Dec 26, 2006)

Mars Sxtil Merc

This is a good time for the two of you to put your heads together and make plans. Problem-solving is favorable now. You will also want to start implementing some of your ideas; the pace of the day is active and lively.

Dec 24, 2006 7 PM(Dec 24, 2006 to Dec 25, 2006)

Merc Qucnx Jup

The two of you do not have very good judgment right now, especially in money matters. This is not a good time to make a joint purchase; avoid gambling, too!

Dec 25, 2006 1 PM(Dec 24, 2006 to Dec 26, 2006)

Mars Sxtil Sun

This is a good time to do something active together. The two of you may enjoy athletics (participating more than watching) or doing something else that requires energy and purposefulness.

Dec 26, 2006 (Dec 21, 2006 to Dec 31, 2006)

Jup Sqr Moon

Home life, family, familiar and sentimental places and people all add richness to your relationship now. Feelings of belonging, comfort, well-being, and contentment increase during this time period also. If the two of you have been struggling with one another or have just been going along without much joy or satisfaction, that won't be good enough for you now and improvements can be made. A new openness, tolerance, and generosity of spirit enables a healing to happen. On a tangible level, you may decide to move in together, move to a larger or more satisfactory home, adopt a new pet, or become more involved as a couple in your community.

Dec 26, 2006 10 AM(Dec 25, 2006 to Dec 27, 2006)

Sun Oppos Asc

This is a highly significant period for the two of you as a couple. Momentous occasions (such as a first meeting, a first date, getting married, or breaking up) are apt to occur now. Which of these events will occur depends upon many other factors but one thing is certain: your focus now will be on each other. Take advantage of it. If your relationship is going well, celebrate!

Dec 28, 2006 12 AM(Dec 26, 2006 to Dec 29, 2006)

Mars Sqr MC

There is a spirit of contention and disagreement between the two of you at this time. Perhaps you do not disagree so much on where you want to go, as on who will be in the driver's seat, so to speak. Minor accidents can occur at this time, especially if you allow tension to escalate. You will need to work harder than usual to appreciate the other's right to be as they are, and to hold a different opinion from your own.

Dec 28, 2006 10 PM(Dec 27, 2006 to Dec 29, 2006)

Sun Trine Moon

Unless other, stronger astrological energies are at play now in your relationship, this is a time of ease, well-being, and peace between you. If tensions or problems have dominated as of late, this will be a brief respite and a chance to reach some understanding.

Dec 29, 2006 7 AM(Dec 28, 2006 to Dec 30, 2006)

Ven Conj Mars

Strong feelings of attraction, love, desire, and the urge to embody your feelings for one another arise now. This is a wonderful time for lovemaking, and if your relationship is not sexually intimate you will still be strongly moved by, stimulated, and warmed by one another's presence.

Dec 29, 2006 8 PM(Dec 29, 2006 to Dec 30, 2006)

Ven Conj Sat

A sobering or disheartening incident may make you reassess this relationship or question its value and long term viability. You may be feeling distant, be temporarily separated, or feel inhibited about reaching out and asking for what you want. Fortunately this should not last long.

Dec 29, 2006 9 PM(Dec 28, 2006 to Dec 30, 2006)

Sun Trine Plu

An intensification of your relationship occurs now, and whether this is pleasurable or not you will certainly not be relating to one another superficially. Beware of the tendency to try to re-make or change your partner in some significant way. Your interaction can be quite revitalizing, even transforming, for the both of you as long as neither is forcing his or her will upon the other.

Dec 30, 2006 3 PM(Dec 29, 2006 to Dec 31, 2006)

Ven Qucnx Ura

Expect minor disruptions, a sudden change of heart about something you both wanted previously, an overture that comes at the wrong time. Though relatively trivial, these things can make for some unsettled moments between you.

Dec 30, 2006 5 PM(Dec 30, 2006 to Dec 31, 2006)

Merc Oppos Asc

This is a favorable time to seek out a counselor or advisor, whether for personal, financial, or other reasons. The two of you are apt to get fair, objective advice. On another note, this is a good time to take a short trip. You may have to travel to see one another.

Dec 31, 2006 (Dec 26, 2006 to Jan 4, 2007)

Jup Sqr Plu

Issues of dominion, power, and success arise now. How compatible are your individual long-range goals, and ambitions? Whose ambitions and aims in life matter more? How do you define success, and how important is it to each of you? Who has more personal will-force and drive? Which of you is willing to sacrifice more for the sake of the relationship? These and similar questions will be a focus at this time.

Dec 31, 2006 8 AM(Dec 30, 2006 to Jan 1, 2007)

Ven Oppos Jup

Good humor and a desire for fun prevails. Whatever you do together now, you will have a grand time doing it. You are inclined to live it up, enjoy the moment, and not consider consequences too much. Even so, you two are quite "lucky" together now.

Jan 1, 2007 8 AM(Dec 31, 2006 to Jan 2, 2007)

Merc Trine Moon

You may want to visit "the old stamping grounds", go see family, or some way revisit the past together. There is a wonderful flow of understanding and sympathetic rapport between you; words may not be necessary.

Jan 1, 2007 10 PM(Jan 1, 2007 to Jan 2, 2007)

Merc Trine Plu

If one or the other of you has been wanting to divulge a secret, bring up a grievance, or discuss something difficult, now is the time. Conversation is intense, revealing, and profound.

For entertainment the two of you will go for something intense - perhaps a psychological suspense thriller or an old Alfred Hitchcock film!

Jan 1, 2007 10 PM(Dec 31, 2006 to Jan 2, 2007)

Sun Sxtil Nep

You are in a mellow and whimsical mood. This is a good time to listen to music together, go see a film, go to the theater, paint your bathroom lavender, give one another a relaxing massage, or share your dreams or fantasies with one another.

Jan 3, 2007 9 PM(Jan 3, 2007 to Jan 4, 2007)

Merc Sxtil Nep

Being with one another now makes you both more open and sensitive to the nonrational, mysterious, supernatural, or miraculous aspects of life. Your psychic rapport with one another is heightened; amazing coincidences, or telepathic knowledge of one another is very likely. This is a good time to visit the ocean, lakeside, or your favorite contemplative spot together.

Jan 3, 2007 (Oct 22, 2006 to Jan 20, 2007)

During this period, there is some tension between you. Perhaps one of you wants more security and has definite expectations, while the other pulls toward being spontaneous and following the impulse of the moment. Or, both of you may want more freedom and feel restricted by your lives or by one another. Try to strike a reasonable balance between order and chaos, planning and spontaneity, certainty and freedom.

This is your own personal valentine's day, a time to celebrate your love, join in love, revel in love. If the two of you have been together for some time, it can be a day of renewing your love for each other and beginning again. But if the two of you do not feel romantic or affectionate towards one another now, it is unlikely that amour will ever flourish between you.

Jan 6, 2007 7 AM(Jan 5, 2007 to Jan 7, 2007)

Sun Sxtil MC

Each of you is an asset to the other right now. This is a time for focusing in getting what you want as a couple - setting goals, seeing people who may be in a position to help you, etc.

Jan 6, 2007 3 PM(Jan 6, 2007 to Jan 7, 2007)

Merc Sxtil MC

Clear communication and a tone of reasonableness and fair play make this a good time to work on any shared goals or joint plans. As a couple, your judgment is sound, so any decisions you make together are likely to work in your favor.

Jan 7, 2007 6 PM(Jan 6, 2007 to Jan 8, 2007)

Ven Qucnx Asc

Humor and lightheartedness ease tension or some awkward moments. Things do not go as hoped for, but laughter is the tone of the day.

Jan 9, 2007 3 AM(Jan 7, 2007 to Jan 10, 2007)

Mars Trine Ura

You two are a dynamic duo right now. This is an exhilarating, high-energy time and you will want to do something totally freeing or exciting to your senses. The action and adventure of white water rafting or even riding a roller coaster fits the flavor of this time.

Jan 9, 2007 6 PM(Jan 8, 2007 to Jan 10, 2007)

Ven Qucnx Moon

A mood of laziness, contentment, and self-satisfaction makes the two of you disinclined to do much of anything that requires effort. You are pleasantly self-indulgent together. Do not schedule any couples tennis or mountain climbing!

Jan 10, 2007 8 AM(Jan 8, 2007 to Jan 11, 2007)

Mars Qucnx Jup

If the two of you are together now, avoid speeding or breaking the law even in a trivial way, as you could have a run-in with the authorities. Your timing is a bit off, too, so minor accidents are possible too. With careful attention, all of this can be avoided.

Jan 10, 2007 1 PM(Jan 9, 2007 to Jan 11, 2007)

Ven Qucnx Plu

Issues of power and control arise between you. Any unspoken "bargains" you have made with each other which disempowers one or both of you in order to please the other, may be up for change. Unreasonable fears of loss, or jealousy could also emerge.

Jan 10, 2007 11 PM(Jan 10, 2007 to Jan 11, 2007)

Merc Conj Mars

You are intellectually competitive with one another, ready to vigorously defend your positions, opinions, ideas, and beliefs. Thus can make for some stimulating debate - or for bruising one another with words. Be careful not to step over the line between being blunt with honesty and bludgeoning each other with the truth.

Jan 11, 2007 9 AM(Jan 10, 2007 to Jan 12, 2007)

Merc Conj Sat

You see one another's deficits and flaws very clearly now, as well as the problems or lacks in the relationship itself. You are also likely to be less open and communicative with one another at the moment. If you share practical responsibilities and duties, these will dominate your attention.

Jan 12, 2007 12 AM(Jan 11, 2007 to Jan 12, 2007)

Merc Qucnx Ura

If you spend time together now, expect some moments of tension or nerve-wracking little "surprises". Flexibility, tolerance, and a sense of humor is the best medicine right now.

Merc Oppos Jup

Conversations about your personal philosophies and understanding about life, your religious beliefs, and attitudes, or your personal dreams and aspirations for the future come up now. This is also a favorable time to travel or plan a vacation together.

Jan 13, 2007 12 AM(Jan 12, 2007 to Jan 14, 2007)

Ven Sqr Nep

You are probably not seeing one another very realistically right now - nor do you want to. Erotic imagination, fantasy, and your wishes for love color your perceptions of one another and your relationship. If your partner does not fulfill your dreams or even have any interest in them, you may well be disenchanted.

Jan 13, 2007 6 AM(Jan 12, 2007 to Jan 14, 2007)

Sun Conj Mars

Heat, passion, and vitality infuse your relationship now. Being together will fire you both up. This can lead to fiery love making, working vigorously together to accomplish some joint task, or to heated disputes and rivalries. To get the best from this time period, neither of you should attempt to dominate or tell the other what to do. Accidents could occur if you allow anger to get out of hand.

Jan 13, 2007 10 PM(Jan 12, 2007 to Jan 14, 2007)

Sun Conj Sat

The themes now are commitment, responsibilities, restrictions, loyalty, or obligations to one another. You will do what you have to - not necessarily what you would like to - do. This can mean anything from doing mundane chores to tackling a difficult, ongoing problem between the two of you. If you handle these matters fruitfully, it can put you on much firmer footing and increase your sense of commitment to one another.

Jan 14, 2007 3 PM(Jan 13, 2007 to Jan 15, 2007)

Ven Conj Merc

Being in one another's company lightens you both up. You share good humored observations about one another and your relationship. You may discuss your personal tastes and preferences in styles, and even if these vastly differ, you are not inclined to argue or disagree. You avoid heavy or serious topics now. Visiting friends or taking a stroll through some pleasant scenery would be just right.

Jan 14, 2007 9 PM(Jan 13, 2007 to Jan 15, 2007)

Sun Qucnx Ura

Right now expect minor upsets, an unavoidable change for "something different" which only one of you is interested in. All of this may be rather subtle, but tension-producing nonetheless. Laughter is good medicine in times like these.

Jan 15, 2007 3 AM(Jan 14, 2007 to Jan 16, 2007)

Ven Conj Sun

Your hearts open to one another and strong feelings of affection, warmth, and mutual appreciation make this a sweet time for the two of you. Being together puts both of you in an amorous mood. You will also be more willing than ever to cooperate and to give a little for the sake of your relationship, so even if you do not do anything special, the day runs smoothly.

Jan 15, 2007 7 AM(Jan 14, 2007 to Jan 16, 2007)

The two of you talk and think about what you like, love, appreciate, and enjoy in one another. This is the time to let your romantic or heartfelt emotions be expressed, especially in words. Send a card, a love note, or poem.

Sun Oppos Jup

This is a positive time for the two of you, when people and outer circumstances seem to be on your side. Whatever comes your way now will give your relationship a boost. Together, the two of you are hopeful and forward-looking and it is an excellent time to make plans for your future. Travel is favored also.

Merc Qucnx Asc

There is a tendency to say too much, run on about nothing, or say the wrong thing. While not a catastrophe, be gracious and apologize for your faux pas. You tend to get on one another's nerves a bit.

Jan 19, 2007 1 PM(Jan 18, 2007 to Jan 20, 2007)

Merc Qucnx Moon

There is a rather edgy, restless quality between you now. It would be wise to watch what you say to or about one another, also, because you may reveal something too private or betray a confidence.

Jan 20, 2007 (Jan 3, 2007 to Feb 2, 2007)

Sat Qucnx Sat

Inhibitions or insecurities that make themselves felt as a sort of subtle undercurrent need to be addressed so that they do not become sources of real difficulty later on in your relationship. If something the other person does or says distresses you, do not sweep it under the rug!

Jan 20, 2007 2 AM(Jan 19, 2007 to Jan 21, 2007)

Merc Qucnx Plu

What begins as an innocent discussion, may bring some painful topic to the surface. Avoid the tendency to try to subtly coerce one another into believing, seeing, or understanding things as the other does. While no overt argument may occur, below-the-surface tension can create an uneasy feeling.

Jan 20, 2007 8 AM(Jan 19, 2007 to Jan 21, 2007)

Sun Conj Ven

The affection and attraction you feel for one another is very strong now. You see the beauty in one another's presence. If you spend time together, do not expect to get much work done. This is a time for love, pleasure, romance, or relaxation as a couple. You can make this one of those "very special occasions". If your relationship is rocky at present, this can be a time of peaceably reconciling matters, or at least a truce.

Jan 21, 2007 10 PM(Jan 21, 2007 to Jan 22, 2007)

Merc Sqr Nep

Talking to one another now is apt to be confusing, bewildering, or just plain strange. It is likely that one or the other of you will entirely forget crucial pieces of information -or the entire conversation! Concrete plans are apt to go awry, for reasons unclear or unknown. Obviously this is not the time to make serious decisions, or to buy something you will both have to live with for some time to come. This is a fine time, however, to dream and imagine together, or to immerse yourselves in some fantasy - the theater or a film perhaps.

Jan 22, 2007 11 PM(Jan 21, 2007 to Jan 24, 2007)

Mars Oppos Asc

You are extremely confrontational toward one another now which can lead to some short-lived but heated arguments. Even very good relationships can contain quite a bit of conflict, and this is one of those times. Perhaps the best advice would be to use this time to get everything out in the open, and to fight fairly! You could also attract some nasty, unreasonable person or situation to yourselves if you are out together.

Jan 23, 2007 3 AM(Jan 22, 2007 to Jan 24, 2007)

Your energies meet on a mental or intellectual level at this time. Communication between you is clear and open. You can learn a lot about what this relationship is all about, as well as how the other person sees and experiences you. If one of you is usually more articulate and verbal than the other, that person is likely to take the lead today.

Jan 23, 2007 2 PM(Jan 22, 2007 to Jan 24, 2007)

Sun Qucnx Asc

There is some subtle awkwardness between you now - nothing terrible, just a feeling of being out of step with one another. You could spend half of a day trying to decide upon a mutually satisfactory course of action. Humor and an appreciation for the absurd can be helpful at present.

Jan 26, 2007 9 AM (Jan 25, 2007 to Jan 27, 2007)

Work, your individual goals and involvements, or a desire for some private time away from one another may be at odds with nurturing the relationship. One of you may feel shortchanged. Unless this is a persistent problem, it is best to just grin and bear it.

Jan 27, 2007 5 PM (Jan 26, 2007 to Jan 29, 2007)

Mars Trine Plu

There is an intensity and fervor to whatever you do together now. You can have a profound sexual or creative experience, depending on how you decide to direct your energies as a couple. This is also a good time to eliminate or rid yourselves of something you no longer want.

Jan 28, 2007 8 AM (Jan 27, 2007 to Jan 29, 2007)

Sun Qucnx Plu

A rather uncomfortable awareness of unavoidable changes, loss, or death comes in at this time. "Hints" or indications that some change in attitude is needed should not be ignored. Stubborn willfulness on either of your parts can create tension between you now, or lay a foundation for future troubles.

The two of you feel held back, thwarted, or prevented from doing exactly what you want right now. Something just is not flowing. There is a kind of electric, high-speed, erratic energy in the atmosphere between you. You may suddenly know what the other person is about to say - and interject something before they have a chance to say it. Avoid interrupting one another or jumping to conclusions too quickly.

The two of you are nostalgic and in a sentimental frame of mind. Harmony reigns in your relationship now because you are both more interested in one another's happiness and in the well-being of the relationship than in your individual agendas. At this time the two of you tend to bite off more than you can chew! Many promising or desirable opportunities tempt you to try to do too much, and you may be all over the place. The two of you experience some minor inconveniences or injustices. At worst, you could have a run-in with the law over something you overlooked or were lazy about doing. This time may pass with no perceivable effects, however, as long as you do not get sloppy. There is also a tendency to take one another and the good of your relationship for granted right now.
